

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward K Park  
DOCKET NO.: 16-02903.001-R-1  
PARCEL NO.: 15-32-115-011

The parties of record before the Property Tax Appeal Board are Edward K Park, the appellant, by attorney Michael R. Davies, of the Law Offices of Michael R. Davies, Ltd. in Oak Lawn; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$28,331  
**IMPR.:** \$78,588  
**TOTAL:** \$106,919

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a split-level dwelling of frame construction with 1,332 square feet of living area. The dwelling was constructed in 1972. Features of the home include a finished lower level, central air conditioning, a fireplace and an attached 567 square-foot garage. The property has an 8,775 square-foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the overvaluation claim, the appellant submitted limited descriptive information for 15 comparable sales.<sup>1</sup> However, comparable #1 was the subject property. The remaining 14 properties have from 6,000 to 13,433 square feet of land area and

were reported as being located from 0.19 to 0.53 of a mile from the subject. The comparables were reported to consist of one-story dwellings that were built from 1969 to 1984. The comparables were reported to have from two to four bathrooms, and five comparables were reported to have three or four bedrooms. The appellant failed to disclose the comparables' exterior construction, foundation type or features such as central air conditioning, fireplaces or garages. The dwellings were reported to range in size from 1,056 to 1,332 square feet of living area. The comparables sold from July 2013 to August 2015 for prices ranging from \$190,000 to \$307,500 or from \$161.56 to \$273.37 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$106,919. The subject's assessment reflects an estimated market value of \$322,434 or \$242.07 per square foot of living area, land included, when applying the 2016 three-year average median level of assessment for Lake County of 33.16%.

The board of review presented information on six comparable sales with the same neighborhood code as the subject.<sup>2</sup> The properties have from 8,775 to 9,757 square feet of land area and were reported as being located from 0.135 to 0.604 of a mile from the subject. The comparables are improved with split-level dwellings of frame construction. The dwellings were constructed from 1970 to 1973, and each dwelling has 1,332 square feet of living area. The comparables have finished lower levels, central air conditioning, a fireplace and attached garages with 567 square feet of building area. The comparables sold from August 2015 to September 2016 for prices ranging from \$345,500 to \$395,000 or from \$259.38 to \$296.55 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented sale prices for 20 comparable properties. The Board finds the appellant submitted an incomplete grid analysis with limited information regarding 14 comparables and failed to disclose the comparables' exterior construction, foundation type or features such as central air conditioning, fireplaces or garages. The information provided by the appellant indicated the comparables were one-story dwellings, not split-level like the subject. Furthermore, ten of the appellant's comparables (#1 through #3, #5 through #7, #9, #11, #12, and #14) sold from July 2013 to October 2014 and were considered to be dated in relation to the January 1, 2016 assessment date. As a result, the appellant's comparables received less weight in the Board's analysis.

---

<sup>2</sup> The board of review's information consisted of a completed grid analysis, photographic evidence and property records for the subject and their comparable sales.

The Board finds the best evidence of market value in the record to be the board of review comparables. The Board finds these properties were very similar to the subject in location, land area, split-level design, frame exterior construction, age, living area and features like a finished lower level, central air conditioning, a fireplace, and an attached garage with 571 square feet of building area. Moreover, the board of review comparables sold proximate to the January 1, 2016 assessment date. These comparables sold from August 2015 to September 2016 for prices ranging from \$345,500 to \$395,000 or from \$259.38 to \$296.55 per square foot of living area, land included. The subject's assessment reflects a market value of \$322,434 or \$242.07 per square foot of living area, land included, which falls below the range established by the best comparable sales in this record. Based on this record, the Board finds the appellant was not able to demonstrate that the subject was overvalued and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
