

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AMH 20142 Borrower LLC  
DOCKET NO.: 16-02920.001-R-1  
PARCEL NO.: 02-08-205-067

The parties of record before the Property Tax Appeal Board are AMH 20142 Borrower LLC, the appellant, by attorney Michael R. Davies, of the Law Offices of Michael R. Davies, Ltd. in Oak Lawn; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$13,201  
**IMPR.:** \$47,312  
**TOTAL:** \$60,513

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame construction with 1,582 square feet of living area. The dwelling was constructed in 2000. Features of the home include a full unfinished basement, central air conditioning, a fireplace and an attached 492 square-foot garage. The property has an 8,712 square-foot site and is located in Antioch, Antioch Township, Lake County.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the overvaluation claim, the appellant submitted limited descriptive information for fourteen comparable sales.<sup>1</sup> However, comparable #1 was the subject property. The remaining properties have from 7,405 to 12,197 square feet of land area and were

reported as being located from 0.12 to 0.34 of a mile from the subject. The comparables were reported to consist of one or two-story dwellings that were built from 1964 to 2002. The comparables were reported to have two or three bathrooms, and five comparables were reported to have three or four bedrooms. The appellant failed to disclose the comparables' exterior construction, foundation type or features such as central air conditioning, fireplaces or garages. The dwellings were reported to range in size from 1,372 to 1,800 square feet of living area. The comparables sold from January 2013 to January 2016 for prices ranging from \$129,000 to \$180,000 or from \$83.33 to \$116.82 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$60,513. The subject's assessment reflects an estimated market value of \$182,488 or \$115.35 per square foot of living area, land included, when applying the 2016 three-year average median level of assessment for Lake County of 33.16%.

The board of review presented information on four comparable sales.<sup>2</sup> Board of review comparable #3 is the same property as the appellant's comparable #5. The properties have the same neighborhood code as the subject and were reported as being located from 0.137 to 0.283 of a mile from the subject. The properties have from 8,712 to 11,761 square feet of land area. The comparables are improved with two-story dwellings of frame construction. The dwellings were constructed from 1999 to 2001 and have from 1,546 to 1,744 square feet of living area. The comparables have full basements with three having finished area, central air conditioning and attached garages with 420 or 441 square feet of building area. One comparable has a fireplace. The comparables sold from August 2015 to June 2017 for prices ranging from \$180,000 to \$232,000 or from \$111.87 to \$133.03 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented sale prices for 16 comparable properties. The Board gave less weight to 11 of the 13 comparables submitted by the appellant. The appellant's comparables #2, #3, #6 through #8, #11, #12 and #14 were significantly older than the subject. The appellant's comparables #2, #6, #7 and #9 through #14 sold from January 2013 to September 2014 and were considered to be dated in relation to the January 1, 2016 assessment date. Board of review comparable #2 also received less weight in the Board's analysis. Board of review comparable #2 sold in June 2017, which was eighteen months after the January 1, 2016 assessment date.

---

<sup>2</sup> The board of review's information consisted of a completed grid analysis, photographic evidence and property records for the subject and their comparable sales.

The Board finds the best evidence of market value in the record to be board of review comparables #1 and #4 as well as the appellant's comparables #3 and #5, which was also submitted by the board of review. The Board finds these four properties were similar to the subject in location, age and living area and three of the properties were reported to be similar to the subject in story height, exterior construction, foundation type and features like central air conditioning and an attached garage. In addition, board of review comparables #1 and #4 and the appellant's comparables #3 and #5 sold proximate to the January 1, 2016 assessment date. These comparables sold from June 2015 to June 2016 for prices ranging from \$173,000 to \$200,000 or from \$107.52 to \$122.90 per square foot of living area, land included. The subject's assessment reflects a market value of \$182,488 or \$115.35 per square foot of living area, land included, which falls within the range established by the best comparable sales in this record. Based on this record, the Board finds the appellant was not able to demonstrate that the subject was overvalued and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
