

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: American Homes 4 Rent Properties Ten LLC
DOCKET NO.: 16-03056.001-R-1
PARCEL NO.: 06-29-304-008

The parties of record before the Property Tax Appeal Board are American Homes 4 Rent Properties Ten LLC, the appellant, by attorney Michael R. Davies of the Law Offices of Michael R. Davies, Ltd., in Oak Lawn; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,535
IMPR.: \$47,218
TOTAL: \$60,753

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction that has 1,920 square feet of living area. The dwelling was constructed in 1995. Features include an unfinished basement, central air conditioning, a fireplace and a 620-square foot attached garage. The subject has a 9,100-square foot site. The subject property is located in Avon Township, Lake County.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the overvaluation claim, the appellant submitted limited descriptive information for 14 comparable sales that were reported to be located from .04 to .31 of a mile from the subject.¹ The comparables were reported to consist of one-story or two-story

dwelling, but the specific story height for each comparable was not disclosed. The dwellings were built from 1973 to 1998. Eight comparables were reported to have three or four bedrooms and each comparable has two or three bathrooms. The appellant's attorney failed to disclose the comparables' exterior construction, foundation type or features such as central air conditioning, fireplaces or garages. The dwellings were reported to range in size from 1,200 to 2,032 square feet of living area and have sites that range in size from 6,098 to 25,253 square feet of land area. The comparables sold from December 2012 to October 2015 for prices ranging from \$125,000 to \$181,000 or from \$67.60 to \$123.02 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$60,753. The subject's assessment reflects an estimated market value of \$183,212 or \$95.42 per square foot of living area including land when applying the 2016 three-year average median level of assessment for Lake County of 33.16%.

In support of the subject's assessment, the board of review submitted property record cards, photographs and a detailed grid analysis of four comparable sales located from .027 to .340 of a mile from the subject. The comparables consist of the two-story dwellings of vinyl or wood siding exterior construction that were built from 1994 to 1997. Three comparables have partial unfinished basements and one comparable has a partial finished basement. Other features include central air conditioning and attached garages that contain 400 or 420 square feet of building area. Two comparables has a fireplace. The dwellings range in size from 1,849 to 2,144 square feet of living area and have sites that range in size from 6,139 to 9,098 square feet of land area. The comparables sold from April 2015 to December 2015 for prices ranging from \$179,000 to \$205,000 or from \$94.79 to \$97.89 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

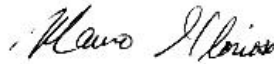

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The record contains 15 comparable sales for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant. Eight comparables sold in 2012, 2013 or 2014, which are dated and less indicative of market value as of the subject's January 1, 2016 assessment date. One comparable is older in age and five comparables are smaller in dwelling size when compared to the subject. Moreover, the appellant's attorney failed to provide each of the comparables' specific story height, exterior construction, foundation type or features such as central air conditioning, fireplaces or garages for a comparison to the subject, which further detracts from the weight of the evidence. The Board finds the comparables submitted by the board of review sold more proximate in time to the subject's assessment date and are more similar to the subject in location, land area, design, age, dwelling size and features. They sold from April 2015 to December 2015 for prices ranging from \$179,000 to \$205,000 or from

\$94.79 to \$97.89 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$183,212 or \$95.42 per square foot of living area including land, which falls within the range established by the most similar comparable sales contained. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
