

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Zych
DOCKET NO.: 16-03071.001-R-1
PARCEL NO.: 15-17-305-019

The parties of record before the Property Tax Appeal Board are Edward Zych, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$67,223
IMPR.: \$141,981
TOTAL: \$209,204

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame exterior construction with 4,077 square feet of living area. The dwelling was constructed in 1992. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and an 804 square foot attached garage. The property has a 20,785 square foot site that backs up to a golf course and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted information on three comparable sales located from .32 to .35 of a mile from the subject property. The comparables are described as two-story dwellings of brick exterior construction that range in size from 4,250 to 5,358 square feet of living area. The dwellings were constructed from 1990 to 1993. The comparables have basements, two of which have

finished areas. Additional features of the homes are central air conditioning, one or two fireplaces and a garage that ranges in size from 782 to 985 square feet of building area. The comparables have sites ranging in size from 20,078 to 43,570 square feet of land area. The comparables sold from June 2015 to March 2016 for prices ranging from \$580,000 to \$850,000 or from \$133.44 to \$158.64 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment to \$190,241 which would reflect a market value of approximately \$570,723 or \$139.99 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$209,204. The subject's assessment reflects a market value of \$630,893 or \$154.74 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on four comparable sales located from .067 to .425 of a mile from the subject property. The comparables are improved with two-story dwellings of brick or brick and frame exterior construction that range in size from 3,409 to 4,882 square feet of living area. The dwellings were constructed from 1989 to 1996. The comparables have basements, two of which have finished areas. Additional features of the homes are central air conditioning, a fireplace and a garage that ranges in size from 764 to 901 square feet of building area. The comparables have sites ranging in size from 20,050 to 44,711 square feet of land area. The comparables sold from September 2015 to July 2016 for prices ranging from \$637,500 to \$790,000 or from \$151.58 to \$192.73 per square foot of living area, including land.

Additionally, board of review submitted an aerial parcel map that shows the subject parcel backs up to a golf course. Furthermore, board of review comparables #1, #2 and #3 are located on parcels that do not back up to a golf course and comparable #4 is a parcel that backs up to Route 22. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted seven suggested comparable sales for consideration. The Board gave less weight to the appellant's comparables #1 and #3, along with board of review comparables #3 and #4 due to their larger dwelling size and/or finished basement as compared to the subject.

The Board finds the best evidence of market value to be appellant's comparable #2 which backs up to a golf course, along with board of review comparables #1 and #2 which are located on larger sites that do not back up to golf course. The Board finds these three properties to be the most similar comparables which sold from March 2016 to July 2016 for prices ranging from \$580,000 to \$790,000 or from \$136.47 to \$192.73 per square foot of living area, including land. The subject's assessment reflects a market value of \$630,893 or \$154.74 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the best comparables for differences in site size, golf course view and/or other features when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this record, the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
