

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nancy Suvarnamani  
DOCKET NO.: 16-03073.001-R-1  
PARCEL NO.: 15-17-402-029

The parties of record before the Property Tax Appeal Board are Nancy Suvarnamani, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Lake County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$40,385  
**IMPR.:** \$144,455  
**TOTAL:** \$184,840

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and frame exterior construction with 3,263 square feet of living area. The dwelling was constructed in 1994. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 682 square foot attached garage. The property has a 53,849 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted information on three comparable sales located from .07 or .23 of a mile from the subject property. The appellant's grid lists three properties, however, comparables #1 and #3 are the same property. The comparables are described as two-story dwellings of frame exterior construction that contain 3,445 or 3,747 square feet of living area. The dwellings were constructed in 1994. The comparables have basements with finished areas, central air

conditioning; a fireplace and a garage of either 693 or 713 square feet of building area. The comparables have sites containing 15,022 or 17,938 square feet of land area. The comparables sold in March 2016 and July 2016 for prices of \$560,000 and \$572,000 or \$152.66 and \$162.55 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment to \$176,185 which reflects a market value of approximately \$528,555 or \$161.98 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$184,840. The subject's assessment reflects a market value of \$557,419 or \$170.83 per square foot of living area, land included, when applying the 2016 three year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on six comparable sales located from .069 to .296 of a mile from the subject property. The board of review comparable # 3 was the same property as appellant's comparable #2. The comparables are improved with two-story dwellings of frame or brick and frame exterior construction that range in size from 2,919 to 3,647 square feet of living area. The dwellings were constructed from 1991 to 1998. The comparables have basements, five of which include finished areas. Additional features of the homes include central air conditioning, one or two fireplaces and a garage ranging in size from 651 to 720 square feet of building area. The comparables have sites ranging in size from 15,000 to 18,514 square feet of land area. The comparables sold from June 2014 to September 2016 for prices ranging from \$535,000 to \$625,000 or from \$162.55 to \$191.40 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

### **Conclusion of Law**

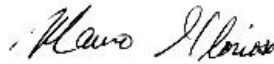

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted seven suggested sale comparables for consideration where a comparable sale was utilized twice, once by the appellant and once by the board of review. Appellant's comparable # 1 is also the appellant's comparable #3 and board of review comparable #3. The Board gave less weight to the board of review comparables #5 and #6 due to the sales occurring in June 2014 and August 2014, which are dated and less indicative of market value as of the subject's January 1, 2016 assessment date.

The Board finds the best evidence of market value to be appellant's comparables #1 and #2, along with the board of review comparables #1, #2 and #4. These properties also sold most proximate in time to the January 1, 2016 assessment date. The comparables sold from March 2016 to September 2016 for prices ranging from \$535,000 to \$610,000 or from \$152.66 to \$190.48 per square foot of living area, including land. The subject's assessment reflects a market

value of \$557,419 or \$170.83 per square foot of living area, including land which falls within the range established by the most similar comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this record, the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
