

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Todd Drazner  
DOCKET NO.: 16-03090.001-R-1  
PARCEL NO.: 15-20-306-011

The parties of record before the Property Tax Appeal Board are Todd Drazner, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$48,101  
**IMPR.:** \$143,521  
**TOTAL:** \$191,622

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,856 square feet of living area. The dwelling was constructed in 1995. Features of the home include a full basement with finished area, central air conditioning, a fireplace and a 651 square foot attached garage. The property has a 15,246 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located from .12 to .34 of a mile from the subject property. The comparables are described as two-story dwellings of frame exterior construction that range in size from contain 3,149 to 3,468 square feet of living area. The dwellings were constructed from 1989 to 1998. Each of the comparables have basements, two of which have finished areas and each home has central air conditioning; one or two fireplaces and

a garage that ranges in size from 484 to 736 square feet of building area. The comparables have sites ranging in size from 15,246 to 23,261 square feet of land area. The comparables sold from July 2015 to March 2016 for prices ranging from \$500,000 to \$650,000 or from \$144.18 to \$187.43 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment to \$177,055 which would reflect a market value of approximately \$531,165 or \$185.98 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$191,622. The subject's assessment reflects a market value of \$577,871 or \$202.34 per square foot of living area, including land, when applying the 2016 three-year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on four comparable sales located from .031 to .274 of a mile from the subject property. The comparables are improved with two-story dwellings of frame exterior construction that range in size from 2,853 to 3,012 square feet of living area. The dwellings were constructed from 1989 to 1997. Each of the comparables have basements with finished areas and each home has central air conditioning, a fireplace and a garage that ranges in size from 620 to 726 square feet of building area. The comparables have sites ranging in size from 11,761 to 45,527 square feet of land area. The comparables sold from July 2014 to May 2015 for prices ranging from \$596,000 to \$677,000 or from \$208.62 to \$224.77 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted eight suggested sale comparables for consideration. The Board gave less weight to the appellant's comparable sales #1 and #3 and due to their larger site size and unfinished basement. The Board gave less weight to board of review comparable sale #4 due to its considerably larger site size.

The Board finds the best evidence of market value to be appellant's comparable sales #2 and #4 along with the board of review comparable sales #1 through #3. Even though the board of review's comparable sales #1-3 are slightly dated, the Board finds these comparables are most similar to the subject in location, site size, design, age, dwelling size, and/or features. The comparables sold from July 2014 to August 2015 for prices ranging from \$535,000 to \$650,000 or from \$164.21 to \$223.79 per square foot of living area including land. The subject's assessment reflects a market value of \$577,871 or \$202.34 per square foot of living area, including land which falls within the range established by the most similar comparable sales in this record. After considering adjustments to the comparables for differences, when compared to

the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this record the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
