

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Satyanarayana Teeparti  
DOCKET NO.: 16-03095.001-R-1  
PARCEL NO.: 15-20-410-002

The parties of record before the Property Tax Appeal Board are Satyanarayana Teeparti, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$35,492  
**IMPR.:** \$147,306  
**TOTAL:** \$182,798

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,871 square feet of living area. The dwelling was constructed in 1997. Features of the home include a full basement with finished area, central air conditioning, a fireplace and a 649 square foot garage. The property has a 13,068 square foot site and is located within Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .39 of a mile of the subject property, three of which are located in a different subdivision and neighborhood code than the subject. The comparables are described as two-story dwellings of frame exterior construction ranging in size from 2,900 to 3,258 square feet of living area. The dwellings were constructed from 1989 to 1998. The comparables each have a basement, with three having

finished area. Features of each comparable include central air conditioning, one or two fireplaces and a garage with either 671 or 682 square feet of building area. The comparables have sites ranging in size from 15,246 to 23,261 square feet of land area. The comparables sold from July to December 2015 for prices ranging from \$535,000 to \$590,000 or from \$164.21 to \$203.45 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$182,798. The subject's assessment reflects a market value of \$551,261 or \$192.01 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on four comparable sales located within .232 of a mile of the subject property and within the same neighborhood code as the subject. The comparables are described as two-story dwellings of frame exterior construction ranging in size from 2,853 to 3,240 square feet of living area. The dwellings were constructed from 1995 to 1997. The comparables each have basements with finished area, central air conditioning, a fireplace and a garage ranging in size from 620 to 682 square feet of building area. The comparables have sites ranging in size from 11,761 to 13,504 square feet of land area. The comparables sold from March to September 2014 for prices ranging from \$596,000 to \$649,000 or from \$195.99 to \$223.79 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted eight comparable sales for consideration. The Board gave less weight to the appellant's comparable #1 and the board of review comparable #1 due to their larger dwelling sizes when compared to the subject. The Board also gave less weight to appellant's comparables #2, #3 and #4 because they are older homes located on larger lots within a different neighborhood than the subject.

The Board finds the best evidence of market value to be the remaining board of review comparables. Although these three comparables have somewhat dated sales, they are most similar to the subject in location, dwelling size, design, age, land size and features. These properties sold from July to September 2014 for prices ranging from \$596,000 to \$649,000 or from \$208.62 to \$223.79 per square foot of living area, including land. The subject's assessment reflects an estimated market value of \$551,261 or \$192.01 per square foot of living area, including land, which falls below the range established by the most similar comparable sales

contained in the record. After considering necessary adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported.

Based on this record, the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
