

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew Belferman
DOCKET NO.: 16-03113.001-R-1
PARCEL NO.: 15-28-101-035

The parties of record before the Property Tax Appeal Board are Matthew Belferman, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,393
IMPR.: \$145,301
TOTAL: \$189,694

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story single-family dwelling of wood-siding exterior construction with 3,250 square feet of living area. The dwelling was constructed in 1989. Features of the home include a basement with a finished area, central air conditioning, a fireplace and a 441-square foot attached garage. The property has a 13,107-square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted information on five comparable sales located from .06 to .24 of a mile from the subject property. The comparables are described as two-story single-family dwellings of wood-siding exterior construction ranging in size from 2,890 to 3,674 square feet of living area. The dwellings were constructed from 1988 to 1991. Features of the comparables include full or partial basements with four comparables having a finished area. All dwellings have central air conditioning, a fireplace and attached garages that range in size from 420 to 630 square feet of building area. The properties have sites ranging in size from 9,037 to 12,175 square feet of land

area. The comparables sold from January 2015 to March 2016 for prices ranging from \$430,000 to \$600,000 or from \$146.98 to \$181.91 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$189,694. The subject's assessment reflects a market value of \$572,057 or \$176.02 per square foot of living area including land when applying the 2016 three-year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on four comparable sales, one of which was also submitted by the appellant. Board of review comparable #2 is the same property as appellant's comparable #4. The comparable properties are located from .036 to .142 of a mile from the subject property. The comparables are improved with two-story single-family dwellings of wood-siding exterior construction that range in size from 3,151 to 3,388 square feet of living area. The dwellings were constructed from 1988 to 1992. Features of the comparables include a basement with three comparables having a finished area. The comparables also have central air conditioning, a fireplace and attached garages that range in size from 441 to 724 square feet of building area. The properties have sites ranging in size from 10,194 to 15,327 square feet of land area. The comparables sold from April 2015 to April 2016 for prices ranging from \$575,000 to \$610,000 or from \$177.10 to \$189.79 per square foot of living area including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002); 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted for the Board's consideration a total of eight suggested sale comparables with various degrees of similarity to the subject property. One comparable was submitted by both parties. The Board gave less weight to appellant's comparable #2 and board of review #1 due to having unfinished basements, unlike the subject. The Board finds the best evidence of market value to be appellant's comparable sales #1, #3, #4 and #5, along with board of review comparable sales #2 through #4. The Board finds these comparables are most similar to the subject in location, site size, dwelling size, age, design and features. These comparables sold between January 2015 and April 2016 for prices ranging from \$490,600 to \$610,000 or from \$146.98 to \$189.79 per square foot of living area, including land. The subject's assessment reflects a market value of \$572,057 or \$176.02 per square foot of living area, including land, which falls within the range established by the most similar comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject,

the Board finds that the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued. Therefore, the Board finds that the subject's estimated market value as reflected by its assessment is supported. Based on this record, the Board finds that no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
