

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Natalie Zilch
DOCKET NO.: 16-03136.001-R-1
PARCEL NO.: 14-22-403-044

The parties of record before the Property Tax Appeal Board are Natalie Zilch, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$79,720
IMPR.: \$346,804
TOTAL: \$426,524

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story single-family dwelling of wood-siding exterior construction with 6,117 square feet of living area. The dwelling was constructed in 2006. Features of the home include an unfinished basement, central air conditioning, four fireplaces and a 1,056-square foot attached garage. The property has a 33,071-square foot site and is located in Kildeer, Ela Township, Lake County.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted information on three comparable sales located from .05 to .17 of a mile from the subject property. The comparables are described as two-story single-family dwellings of brick exterior construction ranging in size from 5,476 to 6,012 square feet of living area. The dwellings were constructed in 2006 or 2007. Features of the comparables include basements with two comparables having a finished area. All dwellings have central air conditioning, two to four fireplaces and attached garages that range in size from 950 to 1,032 square feet of building area. The properties have sites ranging in size from 33,659 to 39,391 square feet of land area.

The comparables sold from September 2015 to January 2016 for prices of either \$1,150,000 or \$1,220,000 or from \$191.28 to \$222.79 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment to \$387,371.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$426,524. The subject's assessment reflects a market value of \$1,286,261 or \$210.28 per square foot of living area including land when applying the 2016 three-year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on four comparable sales, three of which were also used by the appellant. The comparables are located from .055 to .171 of a mile from the subject property. The comparables are improved with two-story single-family dwellings of brick exterior construction that range in size from 4,804 to 6,012 square feet of living area. The dwellings were constructed from 2006 to 2012. Features of the comparables include unfinished basements, central air conditioning, two to four fireplaces and attached garages that range in size from 740 to 1,032 square feet of building area. The properties have sites ranging in size from 33,659 to 39,391 square feet of land area. The comparables sold from September 2015 to September 2016 for prices ranging from \$1,100,000 to \$1,220,000 or from \$191.28 to \$228.98 per square foot of living area including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002); 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted a total of four suggested sale comparables with various degrees of similarity to the subject property for the Board's consideration. Three comparables were submitted by both parties. The Board gave less weight to board of review comparable #1 due to its smaller size when compared to the subject. The Board finds the best evidence of market value to be the appellant's comparable sales which are the same as board of review comparable sales #2 through #4. The Board finds these comparables are most similar to the subject in location, site size, dwelling size, age, design and features. These comparables sold between September 2015 and January 2016 for \$1,150,000 or \$1,220,000 or from \$191.28 to \$222.79 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,286,261 or \$210.28 per square foot of living area, including land, which falls within the range established by the comparable sales in this record on a per square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds that the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued. Therefore, the Board finds that the subject's estimated market value as

reflected by its assessment is supported. Based on this record, the Board finds that no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
