

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Curcio
DOCKET NO.: 16-03186.001-R-1
PARCEL NO.: 15-08-412-013

The parties of record before the Property Tax Appeal Board are James Curcio, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,984
IMPR.: \$134,697
TOTAL: \$166,681

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,038 square feet of living area. The dwelling was constructed in 1993. Features of the home include a partial basement with finished area, central air conditioning, a fireplace and a 572 square foot attached garage. The property has a 17,934 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located from .24 to .36 of a mile from the subject property. The appellant's grid lists four properties, however, comparables #3 and #4 are the same property. The comparables are described as two-story dwellings of brick exterior construction that range in size from 3,310 to 3,552 square feet of living area. The dwellings were constructed from 1989 to 1991. The comparables have basements, two of which have

finished areas. Additional features include central air conditioning; a fireplace and a garage ranging in size from 630 to 744 square feet of building area. The comparables have a site size of 19,513 square feet of land area. The comparables sold from May 2014 to October 2014 for prices ranging from \$462,500 to \$565,000 or from \$139.73 to \$163.29 per square foot of living area including land. Based on this evidence, the appellant requested a reduction.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$166,681. The subject's assessment reflects a market value of \$502,657 or \$165.46 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on four comparable sales located from .137 to .309 of a mile from the subject property. The comparables are improved with two-story dwellings of brick exterior construction that range in size from 2,932 to 3,050 square feet of living area. The dwellings were constructed from 1989 to 1994. The comparables have basements, two of which have finished areas. Additional features include central air conditioning, a fireplace and a garage ranging in size from 572 to 704 square feet of building area. The comparables have sites ranging in size from 17,836 to 37,329 square feet of land area. The comparables sold from June 2014 to August 2017 for prices ranging from \$508,000 to \$569,900 or from \$167.22 to \$187.71 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted seven suggested comparable sales for consideration, with one property submitted twice by the appellant. The Board gave less weight to the appellant's comparables #2, #3 and #4 along with board of review comparables #2 and #3 due to their superior finished basements when compared to the subject.

The Board finds the best evidence of market value to be appellant's comparable #1 along with board of review comparables #1 and #4. Even though two of the comparables are slightly dated, the Board finds these comparables are most similar to the subject in location, site size, design, age, dwelling size, and/or features. The comparables sold on June 2014 and September 2015 for prices ranging from \$462,500 to \$525,000 or from \$139.73 to \$179.06 per square foot of living area, including land. The subject's assessment reflects a market value of \$502,657 or \$165.46 per square foot of living area, including land which falls within the range of the most similar comparable sales in this record. After considering adjustments to the comparables for differences, when compared to the subject, the Board finds the subject's estimated market value

as reflected by its assessment is supported. Based on this record the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
