

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sathish Ponneboina  
DOCKET NO.: 16-03196.001-R-1  
PARCEL NO.: 15-06-305-021

The parties of record before the Property Tax Appeal Board are Sathish Ponneboina, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$35,371  
**IMPR.:** \$187,012  
**TOTAL:** \$222,383

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 3,666 square feet of living area. The dwelling was constructed in 2007. Features of the home include a full basement with finished area, central air conditioning, two fireplaces and a 674 square foot attached garage. The property has a 13,348 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted information on four comparable sales located from .11 to .27 of a mile from the subject property. The comparables are described as two-story dwellings of brick exterior construction that range in size from 3,446 to 4,147 square feet of living area. The dwellings were constructed from 2006 to 2013. The comparables have basements, one of which has finished area. Additional features of the homes include central air conditioning; two fireplaces

and a garage ranging in size from 657 to 799 square feet of building area. The comparables have sites ranging in size from 12,446 to 14,823 square feet of land area. The comparables sold from May 2014 to December 2015 for prices ranging from \$605,700 to \$678,000 or from \$149.26 to \$178.47 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment to \$210,163 which would reflect a market value of approximately \$630,489 or \$171.98 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$222,383. The subject's assessment reflects a market value of \$670,636 or \$182.93 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on four comparable sales located from .036 to 1.837 miles from the subject property. The comparables are improved with two-story dwellings of frame or brick exterior construction that range in size from 3,236 to 3,860 square feet of living area. The dwellings were constructed from 2004 to 2006. The comparables have basements, one of which has finished area. Additional features of the homes include central air conditioning, one to three fireplaces and a garage ranging in size from 615 to 912 square feet of building area. The comparables have sites ranging in size from 12,873 to 82,455 square feet of land area. The comparables sold from January 2014 to August 2016 for prices ranging from \$635,000 to \$782,500 or from \$196.23 to \$207.45 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted eight suggested comparable sales for consideration. The Board gave less weight to the appellant's comparables #3 and #4, along with board of review comparables #3 and #4 based on their sales occurring from January 2014 to June 2014 which are dated and less indicative of market value as of the January 1, 2016 assessment date. The Board also gave less weight to board of review comparable #2 based on its considerably larger lot size when compared to the subject.

The Board finds the best evidence of market value to be appellant's comparables #1 and #2, along with board of review comparable #1. The Board finds these properties to be the most similar comparables in location, design, age and most features. These comparables sold from June 2015 to May 2016 for prices ranging from \$605,700 to \$782,500 or from \$149.26 to \$202.72 per square foot of living area, including land. The subject's assessment reflects a market value of \$670,636 or \$182.93 per square foot of living area, including land, which falls within

the range established by the most similar comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this record, the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
