

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Bruce Johnsen
DOCKET NO.: 16-03213.001-R-1
PARCEL NO.: 14-29-103-008

The parties of record before the Property Tax Appeal Board are Bruce Johnsen, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,447
IMPR.: \$161,772
TOTAL: \$207,219

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick construction with 3,390 square feet of living area. The dwelling was constructed in 1986. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 1,379 square foot garage. The property has a 44,850 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that were located from .35 to 1.89 miles from the subject property. The comparables consist of two-story dwellings of brick or frame exterior construction ranging in size from 2,964 to 3,691 square feet of living area. The dwellings were constructed from 1987 to 1992. Each comparable has an unfinished basement, central air conditioning, a fireplace and a garage ranging in size from 630 to 726 square feet of building area. The comparables have sites ranging in size from 40,294 to 65,290 square feet of

land area. The comparables sold from September 2015 to June 2016 for prices of \$471,000 to \$612,500 or from \$142.18 to \$165.94 per square foot of living area, including land. Based on the comparable sales evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$207,219. The subject's assessment reflects a market value of \$624,907 or \$184.34 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located from .34 of a mile to 1.227 miles from the subject property. The comparables were improved with two-story dwellings of frame or brick and frame exterior construction that range in size from 2,816 to 3,406 square feet of living area. The dwellings were constructed from 1985 to 1990. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and a garage ranging in size from 660 to 808 square feet of building area. The comparables have sites ranging in size from 40,578 to 67,780 square feet of land area. These properties sold from June 2015 to November 2016 for prices ranging from \$543,000 to \$767,500 or from \$186.09 to \$230.76 per square foot of living area, including land. Based on the comparable sales evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board gave less weight to appellant's comparables #2 and #3, along with board of review comparable #2, due to their relatively distant location from the subject property.

The Board finds the best evidence of market value to be appellant's comparables #1 and #4, along with board of review comparable sales #1, #3 and #4. These five comparables are most similar to the subject in location, dwelling size, design, age and/or features. These comparables sold for prices ranging from \$471,000 to \$742,000 or from \$142.18 to \$217.85 per square foot of living area, including land. The subject's assessment reflects a market value of \$624,907 or \$184.34 per square foot of living area, including land, which is within the range established by the most similar comparable sales in this record. After considering adjustments to the comparable sales for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by the assessment is supported. Based on this evidence the Board finds no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
