

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ju IL Yoo  
DOCKET NO.: 16-03244.001-R-1  
PARCEL NO.: 15-16-312-021

The parties of record before the Property Tax Appeal Board are Ju IL Yoo, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$49,041  
**IMPR.:** \$122,574  
**TOTAL:** \$171,615

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,963 square feet of living area. The dwelling was constructed in 1991. Features of the home include a partial basement with finished area, central air conditioning, a fireplace and a 693 square foot attached garage. The property has a 17,790 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales located from .05 to .78 of a mile from the subject property. The comparables are described as two-story dwellings of frame exterior construction ranging in size from 2,885 to 2,999 square feet of living area. The dwellings were constructed from 1988 to 1992. The comparables have basements, three of which have finished areas. Additional features of the homes include central air conditioning, four of which have a

fireplace, and each have a garage containing either 441 or 483 square feet of building area. The comparables have sites ranging in size from 10,119 to 22,758 square feet of land area. The comparables sold from August 2015 to July 2016 for prices ranging from \$465,000 to \$530,000 or from \$156.05 to \$178.87 per square foot of living area, including land. Additionally, the appellant submitted Multiple Listing Service (MLS) sheet for comparable #3 showing a partially finished basement and sale price of \$481,500 and sale date of July 2016. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$171,615. The subject's assessment reflects a market value of \$517,536 or \$174.66 per square foot of living area, including land, when applying the 2016 three-year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on four comparable sales which are located from .029 to .14 of a mile from the subject property. The comparables are improved with two-story dwellings of frame exterior construction containing either 2,963 or 2,996 square feet of living area. The dwellings were constructed in 1991. The comparables have basements with finished areas, central air conditioning, three of which have a fireplace, and each have a garage containing either 483 or 693 square feet of building area. The comparables have sites ranging in size from 15,010 to 17,387 square feet of land area. The comparables sold from July 2014 to August 2016 for prices ranging from \$535,000 to \$555,000 or from \$178.57 to \$187.31 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted ten suggested comparable sales for consideration. The Board gave less weight to the board of review comparable #4 due to its sale occurring in July 2014 which is dated and less indicative of market value as of the January 1, 2016 assessment date.

The Board finds the best evidence of market value to be appellant's comparables along with board of review comparables #1, #3 and #4. The Board finds these nine comparables have varying degrees of similarity to the subject. The comparables sold from August 2015 to August 2016 for prices ranging from \$465,000 to \$542,000 or from \$156.05 to \$182.92 per square foot of living area, including land. The subject's assessment reflects a market value of \$517,536 or \$174.66 per square foot of living area, including land, which falls within the range established by the similar comparable sales in this record. Furthermore, the Board finds the board of review comparable #4 is most similar to the subject in lot size, dwelling size, age and features. It sold in

July 2016 for \$535,000 or \$180.56 per square foot of living area, including land which falls above the subject's estimated market value as reflected by its assessment. After considering adjustments to the comparables for differences, when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this record the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
