

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alexander Zeltcer
DOCKET NO.: 16-03386.001-R-1
PARCEL NO.: 16-27-103-002

The parties of record before the Property Tax Appeal Board are Alexander Zeltcer, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,563
IMPR.: \$192,098
TOTAL: \$228,661

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of dryvit/stucco exterior construction with 2,766 square feet of living area. The dwelling was constructed in 1999. Features of the home include a full basement with finished area, central air conditioning, one fireplace and a 361 square foot garage. The property is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .57 of a mile of the subject property. The comparables are described as two-story dwellings of brick exterior construction ranging in size from 2,428 to 2,856 square feet of living area. The dwellings were constructed from 1949 to 1978. The comparables have partial or full basements, with one having finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 440 to 540 square feet of building area. The comparables sold from March

2015 to April 2016 for prices ranging from \$417,000 to \$680,000 or from \$166.27 to \$238.10 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$228,661. The subject's assessment reflects a market value of \$689,569 or \$249.30 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on four comparable sales located within .96 of a mile of the subject property. The comparables are described as two-story dwellings of brick or wood siding exterior construction ranging in size from 2,620 to 2,961 square feet of living area. The dwellings were constructed from 2002 to 2007. Each comparable has a finished basement, central air conditioning, one fireplace and a garage ranging in size from 420 to 504 square feet of building area. The comparables sold from May 2014 to July 2016 for prices ranging from \$740,000 to \$825,000 or from \$260.75 to \$295.80 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted eight comparable sales for consideration. The Board gave reduced weight to appellant's comparables based on their dissimilar ages when compared to the subject. The Board also gave less weight to board of review comparables #2 and #4 due to their 2014 sale dates that are less proximate in time to the subject's January 1, 2016 assessment date.

The Board finds the best evidence of market value for the subject property to be board of review comparables #1 and #3. These two comparables are more similar to the subject in dwelling size, design, age and/or features. The comparables sold in January 2015 and July 2016 for prices of \$825,000 and \$750,000 or \$278.62 and \$272.23 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$689,569 or \$249.30 square foot of living area, including land which is well supported by the best comparable sales in the record. After considering any necessary adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
