

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Julie Kogan  
DOCKET NO.: 16-03416.001-R-1  
PARCEL NO.: 16-28-402-006

The parties of record before the Property Tax Appeal Board are Julie Kogan, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$84,631  
**IMPR.:** \$201,810  
**TOTAL:** \$286,441

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 4,112 square feet of living area. The dwelling was constructed in 1976. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 528 square foot garage. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales located from .18 of a mile to 2.17 miles from the subject property. The comparables are described as two-story dwellings of wood siding or brick exterior construction ranging in size from 3,671 to 4,059 square feet of living area. The dwellings were constructed from 1984 to 1999. The comparables have basements, with five having finished area, based on the Multiple Listing Service Sheets submitted by the appellant. Each comparable has central air conditioning, one or four fireplaces and a garage ranging in size

from 528 to 924 square feet of building area. The comparables sold from November 2014 to April 2016 for prices ranging from \$684,500 to \$835,000 or from \$177.79 to \$205.72 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$286,441. The subject's assessment reflects a market value of \$863,815 or \$210.07 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on three comparable sales located within .95 of a mile of the subject property. The comparables are described as two-story dwellings of brick exterior construction ranging in size from 3,534 to 6,174 square feet of living area. The dwellings were constructed from 1929 to 1975. The comparables have basements, with one having finished area. Features of each comparable include central air conditioning, one or three fireplaces and a garage ranging in size from 528 to 1,012 square feet of building area. The comparables sold from August 2014 to May 2016 for prices ranging from \$920,000 to \$1,450,000 or from \$215.91 to \$325.41 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

In response to the appellant's evidence, the board of review argued that five of the appellant's comparables exceed 1.25 miles in distance from the subject property.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted nine comparable sales for consideration. The Board gave less weight to appellant's comparables #2 through #6 based on their distant locations that are over 1.25 miles from the subject property. The Board also gave less weight to board of review comparable #1 due to its considerably larger dwelling size when compared to the subject.

The Board finds the best evidence of market value for the subject property to be appellant's comparable #1 along with board of review comparables #2 and #3. Although two of the three sales are somewhat dated, the Board finds these three sales are most similar in location to the subject. In addition, the comparables have varying degrees of similarity to the subject in dwelling size, age, design and features. The comparables sold from September 2014 to May 2016 for prices ranging from \$810,000 to \$1,150,000 or from \$200.89 to \$325.41 per square foot of living area, including land. The subject's assessment reflects a market value of \$863,815 or \$210.07 square foot of living area, including land which falls within the range established by the

best comparable sales in the record. After considering any necessary adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported.

Based on this record, the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
