

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Tauber
DOCKET NO.: 16-03480.001-C-1
PARCEL NO.: 11-23-401-049

The parties of record before the Property Tax Appeal Board are William Tauber, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,322
IMPR.: \$62,679
TOTAL: \$83,001

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an office warehouse condominium unit with 2,511 square feet of building area. The building was constructed in 1993. The property is located in the Viking Park development in Green Oaks, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located in Libertyville or Vernon Hills. The comparables consist of office condominiums, three of which were built between 1993 and 2009; no ages were provided for comparables #1 and #2. The units range in size from 2,027 to 2,884 square feet of building area. These comparables sold between January and June 2015 for prices ranging from \$135,000 to \$220,000 or from \$60.68 to \$101.06 per square foot of building area, including land.

Based on the foregoing evidence, the appellant requested application of the median sale price that was reportedly \$66.67 per square foot to the subject property.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$83,001. The subject's assessment reflects a market value of \$250,305 or \$99.68 per square foot of building area, land included, when using the 2016 three year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In response to the comparable data presented by the appellant, the board of review contends that sale #4 was an "as is" "quick sale" and was a bank REO property. Appellant's comparable #2 had no build out whereas the subject is a built-out unit. As to comparable #5, the unit has approximately 900 square feet of basement that "is part of the indicated GBA (gross building area)."

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located in close proximity to the subject property. The comparable commercial condominium units were each built in 1995 and consist of either one or two units. The comparables range in size from 2,213 to 5,517 square feet of building area and sold between December 2015 and May 2016 for prices ranging from \$220,000 to \$595,000 or from \$99.41 to \$138.93 per square foot of building area, including land.

Based on this evidence and argument, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparable #2 as this was a shell unit that would necessitate build-out to be similar to the subject unit.

The Board finds the best evidence of market value to be appellant's comparable sales #1, #3, #4 and #5 along with the board of review comparable sales. The comparables have varying degrees of similarity to the subject unit in age, size and/or features. These comparables sold between January 2015 and May 2016 for prices ranging from \$175,000 to \$595,000 or from \$60.68 to \$138.93 per square foot of building area, including land. The subject's assessment reflects a market value of \$250,305 or \$99.68 per square foot of building area, including land, which is within the range established by these comparable sales in the record. Furthermore, the subject's estimated market value based upon its assessment is well-supported by board of review

comparable #3 that sold in late 2015 for \$99.41 per square foot of building area, including land. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
