

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nancy Lagerfeldt
DOCKET NO.: 16-03511.001-R-1
PARCEL NO.: 04-18-302-002

The parties of record before the Property Tax Appeal Board are Nancy Lagerfeldt, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby find **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,850
IMPR.: \$37,145
TOTAL: \$54,995

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,364 square feet of living area. The dwelling was constructed in 1955. Features of the home include a full unfinished basement, a 1440 square foot attached garage and a 1,008 square foot detached garage. The property has a 115,460 square foot site and is located in Wadsworth, Benton Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located from 1.37 to 2.67 miles from the subject property. The comparables are described as one-story dwellings of frame or brick exterior construction ranging in size from 1,344 to 1,538 square feet of living area. The dwellings were constructed from 1950 to 1964. Each comparable has an unfinished basement and an attached or a detached garage ranging in size from 308 to 483 square feet of building

area. One comparable has an additional 910 square foot detached garage. The comparables have sites ranging in size from 15,716 to 206,910 square feet of land area. The comparables sold from September 2014 to September 2015 for prices ranging from \$109,000 to \$175,000 or from \$76.75 to \$113.78 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$63,301. The subject's assessment reflects a market value of \$190,896 or \$139.95 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on five comparable sales located from .405 to 4.039 miles from the subject property. The comparables are improved with a tri-level dwelling and four, one-story dwellings of frame or brick exterior construction ranging in size from 1,358 to 1,712 square feet of living area. The dwellings were constructed from 1950 to 1984. Four comparables have an unfinished basement; one comparable has central air conditioning; one comparable has a fireplace and three comparables have a garage ranging in size from 480 or 896 square feet of building area. The comparables have sites ranging in size from 15,000 to 507,038 square feet of land area. The comparables sold from May 2013 to December 2015 for prices ranging from \$151,900 to \$280,000 or from \$101.54 to \$174.13 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the parties submitted eight comparable sales for consideration. The Board gave less weight to the appellant's comparable #1 and the board of review comparable #5 as to their dated sales in September 2014 and May 2013, respectively, are less proximate in time to the subject's January 1, 2016 assessment. The Board also gave less weight to board of review comparables #1 and #2 for their distant locations, #2 and #3 for their considerably newer ages and #3 for its larger dwelling size when compared to the subject. In addition, board of review comparable #5 is a dissimilar tri-level dwelling and has a considerably larger lot size when compared to the subject.

The Board finds the best evidence of market value to be the appellant's comparables #2 and #3 along with the board of review comparable #4. These three comparables are most similar to the subject in dwelling size, design, age and most features. These properties sold from May to December 2015 for prices ranging from \$125,000 to \$175,000 or from \$93.01 to \$113.78 per square foot of living area, including land. The subject's assessment reflects an estimated market

value of \$190,896 or \$139.95 per square foot of living area, including land, which falls above the range by the best comparable sales contained in the record. After considering necessary adjustments to the comparables for differences such as lot sizes and garage sizes when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is not supported.

Based on this record, the Board finds the appellant demonstrated by a preponderance of the evidence that the subject was overvalued and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
