

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mary Brady
DOCKET NO.: 16-03605.001-R-1
PARCEL NO.: 04-21-105-011

The parties of record before the Property Tax Appeal Board are Mary Brady, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,711
IMPR.: \$30,779
TOTAL: \$35,490

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 1,207 square feet of living area. The dwelling was constructed in 1969. Features of the home include a full unfinished basement, central air conditioning and a 418 square foot garage. The property has a 13,728 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .90 of a mile of the subject property. The comparables were described as a one-story dwellings of frame exterior construction ranging in size from 1,056 to 1,073 square feet of living area. The dwellings were constructed from 1971 to 1993. The comparables each have an unfinished basement. Additionally, one comparable has central air conditioning and one comparable has a 624 square foot garage. The comparables have sites ranging in size from 7,105 to 8,140 square feet of land

area. The comparables sold from August 2015 to February 2016 for prices ranging from \$36,005 to \$42,875 or from \$33.56 to \$40.30 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,490. The subject's assessment reflects a market value of \$107,027 or \$88.67 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located within .74 of a mile of the subject property. The comparables were described as one-story dwellings of frame exterior construction ranging in size from 1,118 to 1,236 square feet of living area. The dwellings were constructed from 1962 to 1977. The comparables each have a full unfinished basement, central air conditioning and a garage containing 288 or 480 square feet of building area. In addition, one comparable has a fireplace. The comparables have sites ranging in size from 6,006 to 9,295 square feet of land area. The comparables sold from February to November 2015 for prices ranging from \$95,000 to \$120,000 or from \$84.82 to \$97.09 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted six comparable sales for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #3 due to their lack of a garage, unlike the subject. The Board also gave less weight to appellant's comparable #2 due to its dissimilar dwelling age when compared to the subject.

The Board finds the best evidence of market value to be the three comparables submitted by the board of review. These comparables are most similar to the subject in location, size, design, age and most features. These comparables sold from February to November 2015 for prices ranging from \$95,000 to \$120,000 or from \$84.82 to \$97.09 per square foot of living area, including land. The subject's assessment reflects a market value of \$107,027 or \$88.67 per square foot of living area, land included, which falls within the range established by the most similar comparable sales in this record. After considering adjustments to the comparable sales for differences when compared to the subject, the Board finds the estimated market value as reflected by the assessment is supported and no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
