

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tom Zhuang
DOCKET NO.: 16-03710.001-R-1
PARCEL NO.: 11-32-107-004

The parties of record before the Property Tax Appeal Board are Tom Zhuang, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,757
IMPR.: \$137,193
TOTAL: \$188,950

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,065 square feet of living area. The dwelling was constructed in 1999. Features of the home include an unfinished walk-out basement, central air conditioning, a fireplace and a 672 square foot garage. The property has a 10,624 square foot site and is located in Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on nine comparable sales located from .39 of a mile to 1.44 miles from the subject. The comparables are described as two-story dwellings of brick or wood siding exterior construction ranging in size from 2,754 to 3,486 square feet of living area. The dwellings were constructed from 1998 to 2003. The comparables have unfinished basements, central air conditioning and garages ranging in size from 452 to 720 square feet of building area.

Six comparables each have a fireplace. The comparables have land sizes ranging from 9,920 to 14,303 square feet of land area. The comparables sold from January 2015 to June 2016 for prices ranging from \$480,000 to \$616,000 or from \$160.75 to \$176.71 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$188,950. The subject's assessment reflects a market value of \$569,813 or \$185.91 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on six comparable sales located from .26 of a mile to 1.4 miles from the subject. The comparables are described as two-story dwellings of brick exterior construction ranging in size from 2,746 to 3,304 square feet of living area. The dwellings were constructed from 1997 to 2002. The comparables have unfinished basements, central air conditioning and garages ranging in size from 430 to 688 square feet of building area. The properties are situated on sites ranging in size from 9,900 to 11,268 square feet of land area. The comparables sold from May 2015 to June 2016 for prices ranging from \$503,000 to \$620,000 or from \$183.18 to \$196.45 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted 15 comparable sales for consideration. The Board gave less weight to appellant's comparables #2, #3, #6 and #9 along with board of review comparable #3, #5 and #6 that are located over 1 mile from the subject. The Board finds the best evidence of market value for the subject property to be the parties remaining comparables. These eight comparables are most similar to the subject in location, land size, dwelling size, design, age and features. The comparables sold from April 2015 to June 2016 for prices ranging from \$480,000 to \$620,000 or from \$160.75 to \$196.45 per square foot of living area, including land. The subject's assessment reflects a market value of \$569,813 or \$185.91 square foot of living area, including land which falls within the range established by the by the best comparables sales in the record. After considering any necessary adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
