

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yung Kim
DOCKET NO.: 16-03716.001-R-1
PARCEL NO.: 11-07-402-008

The parties of record before the Property Tax Appeal Board are Yung Kim, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$50,828
IMPR.: \$103,655
TOTAL: \$154,483

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,470 square feet of living area. The dwelling was constructed in 1987. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 400 square foot garage. The property has a 11,197 square foot site and is located in Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales located within .31 of a mile of the subject. The comparables are described as two-story dwellings of wood siding exterior construction ranging in size from 2,478 to 2,751 square feet of living area. The dwellings were constructed from 1987 to 1990. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 400 to 483 square feet of building

area. The comparables have land sizes ranging from 10,068 to 12,191 square feet of land area. The comparables sold from January 2015 to May 2016 for prices ranging from \$410,000 to \$480,000 or from \$158.36 to \$186.70 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$154,483. The subject's assessment reflects a market value of \$465,872 or \$188.61 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on two comparable sales located within .01 of a mile of the subject. The comparables are described as two-story dwellings of wood siding exterior construction with either 2,470 or 2,571 square feet of living area. The dwellings were constructed in 1987 or 1988. The comparables each have an unfinished basement, central air conditioning, one fireplace and a garage with either 400 or 483 square feet of building area. The properties are situated on sites containing either 10,454 or 10,988 square feet of land area. The comparables sold in July and June 2015 for prices of \$492,000 and \$510,000 or \$199.19 or \$198.37 per square foot of living area, including land, respectively. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted eight comparable sales that are similar to the subject in location, dwelling size, design, age and features. The comparables sold from January 2015 to March 2016 for prices ranging from \$410,000 to \$510,000 or from \$158.36 to \$199.19 per square foot of living area, including land. The subject's assessment reflects a market value of \$465,872 or \$188.61 square foot of living area, including land which falls within the range established by the by the comparables sales contained in the record. Furthermore, board of review comparable #1 is the same model home as the subject and is nearly identical to the subject in design, dwelling size, age and features. It sold in July 2015 for \$492,000 or \$199.19 per square foot of living area, including land which is higher than the subject's market value as reflected by its assessment. Based on this record, the Board finds the subject's estimated market value as reflected by its assessment is supported and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
