

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Diane Cooper  
DOCKET NO.: 16-03779.001-R-1  
PARCEL NO.: 10-13-408-022

The parties of record before the Property Tax Appeal Board are Diane Cooper, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$22,658  
**IMPR.:** \$85,665  
**TOTAL:** \$108,323

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of vinyl siding construction with 2,676 square feet of living area. The dwelling was constructed in 1990. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 483 square foot garage. The property has a 15,267 square foot site and is located in Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on eight comparable sales located within .49 of a mile of the subject. The comparables are described as two-story dwellings of vinyl siding exterior construction ranging in size from 2,525 to 3,171 square feet of living area. The dwellings were constructed from 1990 to 1998. The comparables each have basements, with three having finished area. Features of each comparable include central air conditioning, one or two fireplaces and a garage ranging in size from 420 to 672 square feet of building area. One

comparable has a 1,050 square foot inground swimming pool. The comparables have land sizes ranging from 10,000 to 15,922 square feet of land area. The comparables sold from January 2015 to March 2016 for prices ranging from \$264,000 to \$369,000 or from \$104.55 to \$122.34 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$108,323. The subject's assessment reflects a market value of \$326,668 or \$122.07 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on three comparable sales located within .39 of a mile of the subject. The comparables are described as two-story dwellings of vinyl siding exterior construction ranging in size from 2,470 to 2,790 square feet of living area. The dwellings were constructed from 1990 to 1993. The comparables have basements, with one having finished area. Features of each comparable include central air conditioning, one fireplace and a garage with either 441 or 506 square feet of building area. The properties are situated on sites containing either 10,000 or 10,075 square feet of land area. The comparables sold from March to November 2015 for prices ranging from \$335,000 to \$356,000 or from \$120.07 to \$144.13 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted eleven comparable sales for consideration. The Board gave less weight to appellant's comparable #5 based on its larger dwelling size when compared to the subject.

The Board finds the best evidence of market value for the subject property to be the parties' remaining comparables. These ten comparables are most similar to the subject in location, dwelling size, design, age and features. The comparables sold from January 2015 to March 2016 for prices ranging from \$264,000 to \$356,000 or from \$104.55 to \$144.13 per square foot of living area, including land. The subject's assessment reflects a market value of \$326,668 or \$122.07 square foot of living area, including land which falls within the range established by the by the best comparables sales in the record. After considering any necessary adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
