

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Teddy Barquin
DOCKET NO.: 16-03867.001-R-1
PARCEL NO.: 06-32-301-049

The parties of record before the Property Tax Appeal Board are Teddy Barquin, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,203
IMPR.: \$69,402
TOTAL: \$81,605

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 2,835 square feet of living area. The dwelling was constructed in 2006. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 622 square foot garage. The property has a 9,100 square foot site and is located in Round Lake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located within .38 of a mile of the subject. The comparables were described as two-story dwellings of vinyl siding exterior construction that were built in 2004 or 2005. The dwellings range in size from 2,588 to 3,154 square feet of living area. The comparables each feature a basement with one having finished area, central air conditioning and a garage containing 528 or 599 square feet of building area. In

addition, one comparable has a fireplace. The comparables have sites containing 9,100 or 10,589 square feet of land area. The comparables sold from July to December 2015 for prices ranging from \$200,000 to \$237,000 or from \$67.79 to \$77.28 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$81,605. The subject's assessment reflects a market value of \$246,095 or \$86.81 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located within .80 of a mile of the subject. The comparables were described as two-story dwellings of vinyl siding exterior construction ranging in size from 2,921 to 3,258 square feet of living area. The dwellings were built in 2004 or 2005. The comparables each feature an unfinished basement, central air conditioning, a fireplace and a garage containing 622 or 704 square feet of building area. The comparables have sites ranging in size from 9,100 to 17,875 square feet of land area. The comparables sold from June to December 2015 for prices ranging from \$248,000 to \$260,000 or from \$76.73 to \$87.54 per square foot of living area, including land. As part of their submission, the board of review also provided a sales ratio report on the subject's subdivision. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted six suggested comparable sales for the Board's consideration. The Board finds all of the comparables to be similar to the subject in location, dwelling size, design, age and features. The comparables sold from June to December 2015 for prices ranging from \$200,000 to \$260,000 or from \$67.79 to \$87.54 per square foot of living area, including land. The subject's assessment reflects a market value of \$246,095 or \$86.81 per square foot of living area, including land, which falls within the range established by the comparable sales in this record. After considering adjustments to the comparable sales for differences when compared to the subject, the Board finds the estimated market value as reflected by the assessment is supported and no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
