

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michele Raymond
DOCKET NO.: 16-03889.001-R-1
PARCEL NO.: 06-04-111-003

The parties of record before the Property Tax Appeal Board are Michele Raymond, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,374
IMPR.: \$50,886
TOTAL: \$65,260

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 1,958 square feet of living area. The dwelling was constructed in 1986. Features of the home include a partial unfinished basement, central air conditioning, one fireplace and a 500 square foot garage. The property has an 10,413 square foot site and is located in Lake Villa Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparables located within .38 of a mile of the subject. The comparables are described as two-story dwellings of wood siding exterior construction ranging in size from 2,403 to 2,529 square feet of living area. The dwellings were constructed from 1979 to 1984. Two comparables have partial basements, with one having finished area; one comparable has a crawl space foundation; two comparables have central air conditioning and

each comparables has a garage ranging in size from 441 to 1,023 square feet of building area. Two comparables have one or two fireplaces each. The comparables are situated on sites ranging in size from 13,934 to 16,956 square feet of land area. The comparables sold from June 2015 to February 2016 for prices ranging from \$205,000 to \$252,000 or from \$81.06 to \$100.96 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,260. The subject's assessment reflects a market value of \$196,803 or \$100.51 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on four comparable sales located within .262 of a mile of the subject. The comparables are described as two-story dwellings of wood siding exterior construction ranging in size from 2,045 to 2,625 square feet of living area. The dwellings were constructed from 1979 to 2003. The comparables have partial or full basements, with three having finished area. Features of each comparable include central air conditioning, one fireplace and a garage containing from 441 to 905 square feet of building area. The comparables are situated on sites ranging in size from 12,632 to 16,956 square feet of land area. The comparables sold from June 2014 to September 2015 for prices ranging from \$226,000 to \$300,000 or from \$94.05 to \$117.36 per square foot of living area, including land. Board of review comparables #1 and #2 were also submitted by the appellant as comparables #2 and #3, respectively, in the appellant's grid. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted five comparable sales for consideration which includes the parties' two common comparables. The Board gave less weight to appellant's comparable #1 because it lacked a basement unlike the subject with a partial basement. Less weight was also given to the board of review comparables #3 and #4 based on their sales dates in 2014 that were less proximate in time to the January 1, 2016 assessment date.

The Board finds the best evidence of market value for the subject property to be the parties' two common comparables. Both comparables are similar to the subject in location, design, age and some features. However, both comparables have larger site sizes and dwelling sizes than the subject which require downward adjustments. In addition, one comparable also has a larger garage and a superior finished basement when compared to the subject that require downward adjustments. The comparables sold in June and September 2015 for prices of \$226,000 and

\$252,000 or for \$94.05 and \$100.96 per square foot of living area, including land. The subject's assessment reflects a market value of \$196,803 or \$100.51 per square foot of living area, including land, which is supported in terms of overall value based upon the most similar comparable sales in the record. After considering necessary adjustment to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
