

# FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: George Pekarik
DOCKET NO.: 16-03919.001-R-1
PARCEL NO.: 05-09-205-016

The parties of record before the Property Tax Appeal Board are George Pekarik, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *No Change* in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,348 IMPR.: \$29,982 TOTAL: \$36,330

Subject only to the State multiplier as applicable.

### **Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

#### **Findings of Fact**

The subject property consists of a one-story condominium unit of wood siding exterior construction with 804 square feet of living area. The dwelling was constructed in 1985. Features of the unit include one full bath and a fireplace. The property is located in Grant Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparables located within .47 of a mile of the subject. Three of the comparables are located within the same neighborhood as the subject. The comparables are described as one-story condominium units of wood siding or brick exterior construction containing from 804 to 1,056 square feet of living area each. The dwellings were constructed in 1979 or 1985. Four comparables each have one full bath and a fireplace; two comparables have two full baths each; and two comparables have either a 240 or a 319 square

foot detached garage. The comparables sold from June 2014 to March 2016 for prices ranging from \$88,000 to \$119,000 or from \$85.62 to \$148.01 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,330. The subject's assessment reflects a market value of \$109,560 or \$136.27 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on four comparable sales located within the same neighborhood as the subject. The comparables are described as one-story condominium units of wood siding exterior construction with 804 square feet of living area. The dwellings were constructed in 1985. Each comparable has one full bath and a fireplace. Two comparables each have a 240 square foot detached garage. The comparables sold from June 2014 to February 2017 for prices ranging from \$88,000 to \$125,000 or from \$109.45 to \$155.47 per square foot of living area, including land. Board of review comparables #1, #2 and #3 were also submitted by the appellant as comparables #3, #2 and #1, respectively. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

## **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted seven comparable sales for consideration, which includes the parties' three common comparables. The Board gave less weight to appellant's comparables #4, #5 and #6 because they are located within different neighborhoods than the subject.

The Board finds the best evidence of market value for the subject property to be the parties' three common comparables and board of review comparable #4. These comparables are similar to the subject in location, dwelling size, design, age and features though two have superior garages. The comparables sold from June 2014 to February 2017 for prices ranging from \$88,000 to \$125,000 or from \$109.45 to \$155.47 per square foot of living area, including land. The subject's assessment reflects a market value of \$109,560 or \$136.27 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. After considering necessary adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
