

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Debra Quinn
DOCKET NO.: 16-03921.001-R-1
PARCEL NO.: 05-09-205-013

The parties of record before the Property Tax Appeal Board are Debra Quinn, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,348
IMPR.: \$30,261
TOTAL: \$36,609

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story residential condominium unit of wood siding exterior construction with 804 square feet of living area. The dwelling was constructed in 1985. Features of the unit include one full bath and a fireplace. The property is located in Grant Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within the same condominium development as the subject. The comparables are described as one-story residential condominium units of wood siding exterior construction containing 804 square feet of living area each. The dwellings were constructed in 1985. Each unit has one full bath and a fireplace. In addition, one comparable has a 240 square foot detached garage. The comparables sold from June 2014 to August 2015 for prices ranging from \$88,000 to \$119,000 or from \$109.45 to

\$148.01 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,609. The subject's assessment reflects a market value of \$110,401 or \$137.31 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on four comparable sales located within the same condominium development as the subject. Board of review comparables #1 and #2 are the same properties as the appellant's comparables #3 and #2, respectively. The comparables are described as one-story residential condominium units of wood siding exterior construction with 804 square feet of living area. The dwellings were constructed in 1985. Each unit has one full bath and a fireplace. In addition, three comparables each have a 240 square foot detached garage. The comparables sold from June 2014 to May 2017 for prices ranging from \$100,000 to \$125,000 or from \$124.38 to \$155.47 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted five comparable sales for Board's consideration, which includes the parties' two common comparables. All of these comparables are similar to the subject in location, dwelling size, design and age, though three have superior garage features. The comparables sold from June 2014 to May 2017 for prices ranging from \$88,000 to \$125,000 or from \$109.45 to \$155.47 per square foot of living area, including land. The subject's assessment reflects a market value of \$110,401 or \$137.31 per square foot of living area, including land, which falls within the range established by the comparable sales submitted in evidence. After considering necessary adjustment to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
