

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marvin Schaefer
DOCKET NO.: 16-03924.001-R-1
PARCEL NO.: 05-15-406-060

The parties of record before the Property Tax Appeal Board are Marvin Schaefer, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,138
IMPR.: \$91,149
TOTAL: \$116,287

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 2,449 square feet of living area. The dwelling was constructed in 2012. Features of the home include an unfinished basement, central air conditioning and a 484 square foot garage. The property has a 101,939 square foot site and is located in Grant Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five¹ comparables located from 1.36 to 2.85 miles from the subject. The comparables are described as one-story dwellings of wood siding or brick exterior construction ranging in size from 1,878 to 2,367 square feet of living area. The dwellings were constructed from 2001 to 2007. The comparables have basements, with two having finished area. Each comparable has central air conditioning, four comparables each have one fireplace

¹ Appellant's comparables #1 and #4 appear to be the same comparable.

and each comparable has a garage containing from 525 to 924 square feet of building area. The comparables are situated on sites ranging in size from 11,761 to 48,670 square feet of land area. The comparables sold from June 2014 to March 2016 for prices ranging from \$220,000 to \$310,000 or from \$108.15 to \$134.67 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$116,287. The subject's assessment reflects a market value of \$350,685 or \$143.20 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on three comparable sales located within .28 of a mile of the subject and within the same neighborhood name as the subject. The comparables are described as one-story dwellings of wood siding exterior construction ranging in size from 1,905 to 2,484 square feet of living area. The dwellings were constructed from 1990 to 2013. The comparables have basements, with two having finished area. Features of each comparable include central air conditioning, one or two fireplaces and a garage containing from 729 to 888 square feet of building area. The comparables are situated on sites ranging in size from 40,959 to 65,340 square feet of land area. The comparables sold from December 2013 to February 2016 for prices ranging from \$300,000 to \$350,000 or from \$138.83 to \$170.15 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted eight comparable sales for consideration. The Board gave less weight to appellant's comparables based on their distant locations being at least 1.36 miles from the subject. The Board also gave less weight to board of review comparable #1 as to its December 2013 sale date is less proximate in time to the subject's January 1, 2016 assessment date.

The Board finds the best evidence of market value for the subject property to be board of review comparables #2 and #3 which are located within the same subdivision as the subject. These comparables are also similar to the subject in design and some features. However, upward adjustments to the comparables are required for the subject's considerably larger lot size and younger age. Downward adjustments are required to the comparables for their superior finished basements, larger garages and fireplaces when compared to the subject. The comparables sold in February 2016 and September 2014 for prices of \$350,000 and \$300,000 or for \$170.15 and \$157.48 per square foot of living area, including land, respectively. The subject's assessment

reflects a market value of \$350,685 or \$143.20 per square foot of living area, including land. After considering necessary adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
