

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Barbara Mengarelli
DOCKET NO.: 16-04060.001-R-1
PARCEL NO.: 14-22-404-001

The parties of record before the Property Tax Appeal Board are Barbara Mengarelli, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,610
IMPR.: \$207,640
TOTAL: \$249,250

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame exterior construction with 4,425 square feet of living area. The dwelling was constructed in 1996. Features of the home include a full basement, central air conditioning, a fireplace, an inground swimming pool and a 763 square foot attached garage. The property has a 49,317 square foot site and is located in Kildeer, Elia Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. The appellant did not contest the land assessment. In support of this argument, the appellant submitted information on three equity comparables located from .22 to .49 of a mile from the subject. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 3,767 to 4,793 square feet of living area. The dwellings were constructed from 1990 to 1997. Features of each comparable include an unfinished basement, central air conditioning, one or two

fireplaces and a garage ranging in size from 651 to 802 square feet of building area. The comparables have improvement assessments ranging from \$154,683 to \$198,031 or from \$41.06 to \$41.32 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$249,250. The subject property has an improvement assessment of \$207,640 or \$46.92 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted four equity comparables located from .195 to .3 of a mile from the subject property. The comparables consist of two-story dwellings of brick or brick and frame exterior construction ranging in size from 3,412 to 4,450 square feet of living area. The dwellings were constructed from 1997 to 1999. Each comparable has a basement, central air conditioning, one or two fireplaces and a garage ranging in size from 792 to 984 square feet of building area. One comparable has an inground swimming pool. The comparables have improvement assessments ranging from \$166,970 to \$202,959 or from \$45.61 to \$48.94 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gave less weight to board of review comparable #4 due to its smaller dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining comparables submitted by the parties. These six comparables are similar in location, dwelling size, design, age and most features when compared to the subject. These comparables had improvement assessments of \$154,683 to \$202,969 or \$41.06 to \$46.15 per square foot of living area. The subject has an improvement assessment of \$207,640 or \$46.92 per square foot of living area, which falls slightly above the range established by the more similar comparables in this record. However, after considering adjustments to the comparables for differences such as basement size and inground swimming pools when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
