

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sherwin Siegel
DOCKET NO.: 16-04272.001-R-1
PARCEL NO.: 15-01-202-050

The parties of record before the Property Tax Appeal Board are Sherwin Siegel, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$75,375
IMPR.: \$231,819
TOTAL: \$307,194

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,200 square feet of living area. The dwelling was constructed in 1997. Features of the home include a full basement with finished area, central air conditioning, a fireplace and a 598 square foot attached garage. The property has a 17,860 square foot site and is located in Lake Forest, Vernon Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. The appellant did not contest the land assessment. In support of this argument, the appellant submitted information on three equity comparables located within .06 of a mile of the subject. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 3,430 to 3,685 square feet of living area. The dwellings were constructed in 1992 or 1996. Features of each comparable include central air conditioning, one or two fireplaces and a garage ranging in

size from 506 to 567 square feet of building area. The comparables have improvement assessments ranging from \$228,288 to \$236,422 or from \$64.16 to \$66.56 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$307,194. The subject property has an improvement assessment of \$231,819 or \$72.44 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted four equity comparables located from .08 to .187 of a mile of the subject property. The comparables consist of two-story dwellings of frame exterior construction ranging in size from 3,170 to 3,281 square feet of living area. The dwellings were constructed from 1999 to 2003. The comparables have basements with finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 484 to 748 square feet of building area. The comparables have improvement assessments ranging from \$235,156 to \$241,191 or from \$72.21 to \$76.09 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted seven equity comparables for the Board's consideration. These comparables are similar in location, dwelling size, design, age and features when compared to the subject. These comparables had improvement assessments ranging from \$228,288 to \$241,191 or \$64.16 to \$76.09 per square foot of living area. The subject has an improvement assessment of \$231,819 or \$72.44 per square foot of living area, which falls within the range established by the similar comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A

practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
