

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Chen
DOCKET NO.: 16-04285.001-R-1
PARCEL NO.: 16-07-303-036

The parties of record before the Property Tax Appeal Board are Thomas Chen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$109,217
IMPR.: \$264,026
TOTAL: \$373,243

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,086 square feet of living area. The dwelling was constructed in 1996. Features of the home include a full basement with finished area, central air conditioning, a fireplace and a 759 square foot attached garage. The property is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located from .10 to .32 of a mile from the subject property. The comparables are described as two-story dwellings of brick exterior construction ranging in size from 3,903 to 4,333 square feet of living area. The dwellings were constructed from 1990 to 1994. The comparables have basements, two of which have finished areas. Features of each comparable include central air conditioning; two or three fireplaces and a

garage ranging in size from 748 to 836 square feet of building area. The comparables sold from May 2015 to April 2016 for prices ranging from \$980,000 to \$1,055,000 or from \$240.25 to \$259.42 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$373,243. The subject's assessment reflects a market value of \$1,125,582 or \$275.47 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on three comparable sales located from .143 to .478 of a mile from the subject property. The comparables are improved with one part 1.5 story and part 1-story and two 2-story dwellings of frame exterior construction ranging in size from 3,624 to 3,886 square feet of living area. The dwellings were constructed from 1989 to 1995. The comparables have basements, one of which has finished area. Other features central air conditioning, one to three fireplaces and a garage ranging in size from 649 to 782 square feet of building area. The comparables sold from January to June 2015 for prices ranging from \$1,125,000 to \$1,200,000 or from \$299.15 to \$314.71 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds by both parties comparables are similar to the subject in location, dwelling size, design, age, and most features. The comparables sold from January 2015 to April 2016 for prices ranging from \$980,000 to \$1,200,000 or from \$240.25 to \$314.71 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,125,582 or \$275.47 per square foot of living area, including land which falls within the range established by the most similar comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this record the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
