

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Michael Baim
DOCKET NO.: 16-04294.001-R-1
PARCEL NO.: 17-31-302-124

The parties of record before the Property Tax Appeal Board are Michael Baim, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$111,695
IMPR.: \$330,653
TOTAL: \$442,348

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,656 square feet of living area. The dwelling was constructed in 2004. Features of the home include a full basement with finished area, central air conditioning, four fireplaces and a 692 square foot attached garage. The property has a 15,690 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. The appellant did not contest the land assessment. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood as the subject as defined by the local assessor. The comparables are improved with two-story dwellings of stone or brick exterior construction ranging in size from 4,057 to 5,259 square feet of living area. The dwellings were constructed from 2001 to 2006. Each comparable has a basement, two of which have finished

area. Features of each comparable include central air conditioning, one or two fireplaces and a garage ranging in size from 550 to 756 square feet of building area. The comparables have improvement assessments ranging from \$247,254 to \$359,680 or from \$60.95 to \$68.39 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$442,348. The subject property has an improvement assessment of \$330,653 or \$71.02 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted four equity comparables located in the same neighborhood as the subject as defined by the township assessor. The comparables consist of two-story dwellings of brick, stone, or frame exterior construction that range in size from 3,954 to 5,028 square feet of living area. The dwellings were constructed from 2003 to 2009. Each comparable has a basement with finished area, central air conditioning, one to three fireplaces and a garage ranging in size from 496 to 736 square feet of building area. The comparables have improvement assessments ranging from \$315,389 to \$428,358 or from \$78.78 to \$85.19 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gave less weight to appellant's comparables along with board of review comparable #4 due their differences in dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining three comparables submitted by board of review. These comparables are more similar in dwelling size, design and features when compared to the subject. These comparables had improvement assessments ranging from \$330,645 to \$428,358 or \$78.78 to \$85.19 per square foot of living area. The subject has an improvement assessment of \$330,653 or \$71.02 per square foot of living area, which falls below the range on a per square foot basis by the most similar comparables in this record. Therefore, no reduction in the subject's assessment is justified.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
