

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jerry Ross
DOCKET NO.: 16-04325.001-R-1
PARCEL NO.: 04-21-120-012

The parties of record before the Property Tax Appeal Board are Jerry Ross, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,513
IMPR.: \$26,975
TOTAL: \$30,488

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a tri-level dwelling of vinyl siding exterior construction with 1,260 square feet of living area. The dwelling was constructed in 2005. Features of the home include a 588 square foot finished lower level and central air conditioning. The property has a 7,250 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located from .10 to .90 of a mile from the subject. The comparables consist of tri-level dwellings of aluminum or vinyl siding exterior construction ranging in size from 1,204 to 1,288 square feet of living area. The dwellings were constructed from 1998 to 2006. The comparables each have central air conditioning and two comparables have a fireplace. Two comparables have a 484 or 533 square foot garage. The comparables have sites ranging in size from 3,450 to 8,650 square feet of land area. The comparables sold from May 2015 to November 2016 for prices ranging from \$66,200 to \$75,000

or from \$53.73 to \$60.03 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,488. The subject's assessment reflects a market value of \$91,942 or \$72.97 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located from .592 to .854 of a mile from the subject property. The comparables were improved with tri-level dwellings of aluminum or vinyl siding exterior construction ranging in size from 1,204 to 1,280 square feet of living area. The dwellings were constructed from 2001 to 2007. Each comparable has a finished lower level, one of which also has a partial basement. The comparables have central air conditioning, two comparables having a fireplace and three comparables having a garage ranging in size from 400 to 672 square feet of building area. The comparables have sites ranging in size from 7,252 to 9,750 square feet of land area. These properties sold from December 2014 to October 2016 for prices ranging from \$95,000 to \$124,900 or from \$78.90 to \$103.74 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant noted differences of the board of review comparables to the subject in terms of location and land area. The appellant argued three comparables have garages, two comparables have fireplaces and one comparable has 2.5 bathrooms, unlike the subject.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparable sales for the Board's consideration. The Board gave less weight to comparables #2 and #4 submitted by the appellant. Comparable #2 is older in age and comparable #4 has less land area when compared to the subject. The Board also gave less weight to board of review comparables #2 as its 2014 sale is slightly dated and less likely to reflect the subject's market value as of the January 1, 2016 assessment date.

The Board finds the best evidence of market value to be the appellant's comparables #1 and #3, along with board of review comparables #1, #3 and #4. These five comparables are most similar in location, land area, dwelling size, design, age and most features when compared to the subject. These comparables sold from May 2015 to October 2016 for prices ranging from \$72,273 to \$124,900 or from \$58.23 to \$103.74 per square foot of living area, including land. The subject's assessment reflects a market value of \$91,942 or \$72.97 per square foot of living area, including land, which falls within the range established by the most similar comparable sales in this record.

After considering adjustments to the comparable sales for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by the assessment is supported. Based on this evidence the Board finds no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
