

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marek Ptasnik
DOCKET NO.: 16-04371.001-R-1
PARCEL NO.: 04-33-207-003

The parties of record before the Property Tax Appeal Board are Marek Ptasnik, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,958
IMPR.: \$35,310
TOTAL: \$44,268

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a tri-level style dwelling of vinyl siding exterior construction with 1,232 square feet of above-grade living area. The dwelling was constructed in 1978. Features of the home include a 572 square foot finished lower level, central air conditioning and a 528 square foot garage. The property has a 16,044 square foot site and is located in Beach Park, Benton Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located in the same neighborhood code as the subject as assigned by the township assessor and within .51 of a mile of the subject property. The comparables have sites ranging in size from 8,092 to 24,138 square feet of land area. The comparables consist of tri-level style dwellings of wood siding exterior construction ranging in size from 1,120 to 1,400 square feet of above-grade living area. The dwellings were built from 1971 to 1976. The comparables each feature central air conditioning and three

comparables each have a garage ranging in size from 200 to 624 square feet of building area. The comparables sold from July 2013 to December 2015 for prices ranging from \$78,100 to \$119,900 or from \$55.78 to \$107.05 per square foot of above-grade living area, including land. In a brief, the appellant disclosed the subject was purchased in a foreclosure in 2004 for a price of \$154,000 or \$125.00 per square foot of living area, including land and argued about current condition issues related to the subject. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,268. The subject's assessment reflects a market value of \$133,498 or \$108.36 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located in the same neighborhood code as the subject as assigned by the township assessor and within .451 of a mile of the subject property. The comparables have sites ranging in size from 7,977 to 18,731 square feet of land area. The comparables were described as tri-level style dwellings of wood siding exterior construction ranging in size from 1,084 to 1,368 square feet of living area. The dwellings were built from 1977 to 1988. Each comparable features a 528 to 576 square foot finished lower level and one comparable has central air conditioning. In addition, two comparables have a fireplace and three comparables each have a garage containing either 400 or 576 square feet of building area. The comparables sold from January 2015 to December 2016 for prices ranging from \$124,900 to \$160,000 or from \$91.30 to \$147.60 per square foot of above-grade living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board finds the appellant's comparable sales #1 and #3 sold in 2013 and 2014 which are dated and less likely to be indicative of the subject's market value as of the January 1, 2016 assessment date. The appellant's comparable sale #2 appears to be an outlier with a sale price of \$78,100 that was significantly below the remaining comparable sales in the record, which detracts from the weight that can be given this sale. The Board gave reduced weight to the appellant's comparable #4, along with board of review comparable #2 because they lack a garage unlike the subject.

The Board finds the best evidence of market value to be comparables #1, #3 and #4 submitted by the board of review. These three comparables are most similar to the subject in location, design, dwelling size, age and features. These comparables sold from January 2015 to November 2016

for prices ranging from \$124,900 to \$160,000 or from \$91.30 to \$147.60 per square foot of above-grade living area, including land. The subject's assessment reflects a market value of \$133,498 or \$108.36 per square foot of above-grade living area including land, which falls within the range established by the most similar comparable sales contained in this record. After considering any necessary adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
