

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Octavio Cavazos
DOCKET NO.: 16-04425.001-R-1
PARCEL NO.: 07-12-107-001

The parties of record before the Property Tax Appeal Board are Octavio Cavazos, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,231
IMPR.: \$34,487
TOTAL: \$56,718

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 1,316 square feet of living area. The dwelling was constructed in 1975. Features of the home include a full basement with finished area, central air conditioning and a 526 square foot garage. The property has a 32,400 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of the overvaluation argument, the appellant submitted information on 12 comparable sales located between 2.05 and 4.89 miles from the subject property. The comparables have sites ranging in size from 5,595 to 11,564 square feet of land area. The comparables were described as one-story dwellings of brick, aluminum siding or wood siding exterior construction ranging in size from 988 to 1,333 square feet of living area. The dwellings were built from 1965 to 1981. One comparable has a crawl-space foundation, one comparable has a concrete slab foundation and ten comparables

each have a basement with one having finished area. In addition, eight comparables have central air conditioning and eight comparables each have a garage ranging in size from 300 to 528 square feet of building area. The comparables sold from January 2014 to September 2016 for prices ranging from \$54,250 to \$116,000 or from \$36.48 to \$92.11 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$56,718. The subject's assessment reflects a market value of \$171,043 or \$129.97 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located between .064 and .796 of a mile of the subject property. The comparables have sites ranging in size from 16,200 to 82,506 square feet of land area. The comparables were described as one-story dwellings of brick or wood siding exterior construction ranging in size from 1,012 to 1,740 square feet of living area. The dwellings were built from 1951 to 1986. One comparable has a crawl space foundation and three comparables each have an unfinished basement. In addition, one comparable has central air conditioning and each comparable has a garage ranging in size from 484 to 598 square feet of building area. The comparables sold from November 2015 to November 2016 for prices ranging from \$136,000 to \$262,000 or from \$131.17 to \$150.57 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 16 suggested comparable sales for the Board's consideration. The Board gave less weight to the appellant's comparable sales that were distant in location from the subject property being over 2.05 miles away. Furthermore, the appellant's comparable #4 sold in 2014 which is dated and less likely to be reflective of the subject's market value as of the January 1, 2016 assessment date and comparables #7 through #11 lack a garage and/or a basement unlike the subject. The Board also gave reduced weight to board of review comparables #2 and #3 for their dissimilar age or lack of a basement which differs from the subject.

The Board finds the best evidence of market value to be board of review comparable sales #1 and #4. These two comparables sold more proximate in time to the January 1, 2016 assessment date and are similar to the subject in location, dwelling size, design, age and features. These comparables sold in July and November 2016 for prices of \$170,000 and \$180,000 or for \$131.17 and \$133.93 per square foot of living area, including land. The subject's assessment

reflects a market value of \$171,043 or \$129.97 per square foot of living area, including land, which is supported by the most similar comparable sales in this record. After considering adjustments to the comparable sales for differences when compared to the subject, the Board finds the estimated market value as reflected by the assessment is supported and no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
