

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alvaro Alejo
DOCKET NO.: 16-04453.001-R-1
PARCEL NO.: 08-28-324-021

The parties of record before the Property Tax Appeal Board are Alvaro Alejo, the appellant, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,305
IMPR.: \$9,920
TOTAL: \$14,225

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of vinyl siding exterior construction with 1,176 square feet of living area. The dwelling was constructed in 2001. Features of the home include a full unfinished basement. The property has a 7,804 square foot site and is located in Waukegan, Waukegan Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparables. The comparables are located from .32 to 4.88-miles from the subject property and have parcels ranging in size from 5,595 to 17,097 square feet of land area. The parcels have each been improved with a one-story dwelling of brick or frame exterior construction. The homes were built between 1950 and 1967 and range in size from 1,165 to 1,716 square feet of living area. Each comparable has a full or partial unfinished basement. Two comparables each have central air conditioning and one also has a fireplace. Five of the comparables have a garage ranging in size from 308 to 440 square feet of

building area. The comparables sold between November 2015 and December 2016 for prices ranging from \$35,000 to \$61,500 or from \$22.71 to \$41.93 per square foot of living area, including land.

Based on this evidence, the appellant requested a reduced total assessment of \$11,666 which would reflect a market value of approximately \$35,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,725. The subject's assessment reflects a market value of \$62,500 or \$53.15 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 1.107-miles from the subject property. The comparable parcels range in size from 5,950 to 7,054 square feet of land area and have each been improved with either a split-level or a tri-level dwelling of frame exterior construction. The homes were built in between 2001 and 2005 and range in size from 1,112 to 1,294 square feet of living area. No foundation information was provided in the grid analysis for the comparables. Three of the comparables each have central air conditioning and three comparables each have a garage ranging in size from 480 to 520 square feet of building area. The comparables sold between July 2014 and August 2016 for prices ranging from \$67,000 to \$107,900 or from \$60.25 to \$96.34 per square foot of living area, including land.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of ten comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #1, #4 and #5 due to their distant locations each of which exceeds 3 miles from the subject property. The Board has also given little weight to the four comparables presented by the board of review as none of these dwellings is a one-story home like the subject.

The Board finds the best evidence of market value to be appellant's comparable sales #2, #3 and #6. These dwellings have varying degrees of similarity to the subject property. These most similar comparables sold from March to December 2016 for prices ranging from \$40,000 to \$61,500 or from \$32.84 to \$36.48 per square foot of living area, including land. The subject's assessment reflects a market value of \$62,500 or \$53.15 per square foot of living area, including

land, which is above the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
