

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Allana Goldberg  
DOCKET NO.: 16-04551.001-R-1  
PARCEL NO.: 15-33-219-007

The parties of record before the Property Tax Appeal Board are Allana Goldberg, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$44,525  
**IMPR.:** \$169,682  
**TOTAL:** \$214,207

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 3,166 square feet of living area. The dwelling was constructed in 1992. Features of the home include a full basement with finished area, central air conditioning, two fireplaces and a 609 square foot garage. The property has a 10,280 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of the inequity argument, the appellant submitted information on three assessment comparables located in the same neighborhood as the subject property as defined by the local assessor. The comparables consist of two-story dwellings of frame exterior construction ranging in size from 3,240 to 3,366 square feet of living area. The dwellings were constructed in 1990 or 1991. Each comparable has a basement, one of which has

finished area. The comparables each have central air conditioning, a fireplace and a 441 square foot garage. The comparables have improvement assessments that range from \$154,243 to \$160,774 or from \$47.59 to \$47.76 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's building assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$214,207. The subject property has an improvement assessment of \$169,682 or \$53.60 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on six equity comparables located in the same neighborhood as the subject property as defined by the local assessor. The comparables were improved with two-story dwellings of frame exterior construction ranging in size from 2,685 to 3,198 square feet of living area. The dwellings were constructed from 1991 to 1993. Each comparable has a basement with finished area, central air conditioning and a fireplace. The comparables each have a garage with 441 or 609 square feet of building area. The comparables have improvement assessments ranging from \$142,114 to \$168,762 or from \$52.22 to \$53.62 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant due to their smaller basement size or lack of basement finish when compared to the subject. The Board also gave less weight to board of review comparables #4, #5 and #6 due to their smaller dwelling size when compared to the subject dwelling.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2 and #3. These three comparables are similar in location, dwelling size, design, age and features when compared to the subject. These comparables have improvement assessments ranging from \$165,322 to \$168,762 or from \$52.22 to \$52.77 per square foot of living area. The subject property has an improvement assessment of \$169,682 or \$53.60 per square foot of living area, which is greater than the best comparables in this record. The subject's slightly higher improvement assessment appears justified given its superior number of fireplaces, additional plumbing fixtures and larger garage size as compared to the best comparables. No reduction in the subject's assessment is justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the burden

with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
