

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sherwin Shang
DOCKET NO.: 16-04565.001-R-1
PARCEL NO.: 15-05-208-149

The parties of record before the Property Tax Appeal Board are Sherwin Shang, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,194
IMPR.: \$69,536
TOTAL: \$105,730

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story townhome of brick construction with 2,087 square feet of living area. The dwelling was constructed in 2007. Features of the townhome include a slab foundation, central air conditioning and a 420 square foot garage. The property has a 1,289 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellants contend overvaluation as the basis of the appeal. In support of this argument the appellants submitted information on three comparable sales located from within .12 of a mile from the subject. The comparables consist of three-story townhomes of brick exterior construction that range in size from 2,037 to 2,209 square feet of living area. The dwellings were constructed from 2006 to 2013. Each townhome has a slab foundation, central air conditioning and a 420 or 440 square foot garage. The comparables have sites ranging in size from 1,289 to 1,590 square feet of land area. The comparables sold from February 2014 to

November 2015 for prices of \$270,000 and \$300,000 or from \$131.26 to \$135.81 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$105,730. The subject's assessment reflects a market value of \$318,848 or \$152.78 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within .055 of a mile from the subject property. The comparables consist of three-story townhomes of brick exterior construction with 2,087 square feet of living area. The dwellings were constructed in 2006 and 2007. Each townhome has a slab foundation, central air conditioning and a 420 square foot garage. The comparables have 1,289 square foot sites. The comparables sold from October 2014 to September 2017 for prices ranging from \$300,000 to \$325,000 or from \$143.75 to \$155.73 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted seven suggested comparable sales for the Board's consideration. The Board gave less weight to the appellant's comparable sale #2, along with board of review comparable sales #2 and #4 as their 2014 and 2017 sale dates are less proximate in time to the lien date in question and less likely to reflect the subject's market value as of the January 1, 2016 assessment date.

The Board finds the best evidence of market value to be the appellant's comparable sales #1 and #3, along with board of review comparable sales #1 and #3. These four comparables sold more proximate in time to the January 1, 2016 assessment date. These four comparables are most similar to the subject in size, design, age, features and site size with three of the comparables being identical to the subject. These comparables sold from January 2015 to May 2016 for prices ranging from \$270,000 to \$325,000 or from \$131.26 to \$155.73 per square foot of living area, including land. The subject's assessment reflects a market value of \$318,848 or \$152.78 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. Based on this evidence, the Board finds no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
