

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Xue Tao
DOCKET NO.: 16-04770.001-R-1
PARCEL NO.: 15-13-306-004

The parties of record before the Property Tax Appeal Board are Xue Tao, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the Lake County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$66,549
IMPR.: \$142,398
TOTAL: \$208,947

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling with brick exterior construction containing 3,351 square feet of living area. The dwelling was built in 1970. Features of the home include an unfinished basement, central air conditioning, one fireplace and an attached two-car garage with 572 square feet of building area. The property has a 19,602 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with two-story dwellings with wood siding or brick exteriors that range in size from 2,906 to 3,340 square feet of living area. The dwellings were built from 1965 to 1970. Each home has a basement with two having finished area, central air conditioning, one or two fireplaces and an attached two-car garage ranging in size from 506 to 584 square feet of building area. These properties have improvement assessments ranging from \$122,202 to \$137,280 or

from \$40.65 to \$42.05 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$140,000 or \$41.78 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$208,947. The subject property has an improvement assessment of \$142,398 or \$42.49 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on ten equity comparables improved with two-story dwellings with wood siding or brick exteriors that range in size from 2,883 to 3,369 square feet of living area. The homes were built from 1962 to 1980. Each comparable has a basement with three having finished area, central air conditioning, one or two fireplaces and attached garages ranging in size from 406 to 1,010 square feet of building area. The comparables have improvement assessments ranging from \$121,975 to \$156,175 or from \$41.84 to \$48.87 per square foot of living area. Board of review comparables #1 and #3 are the same properties as appellant's comparables #1 and #2, respectively. The board of review requested the assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eleven comparables submitted by the parties to support their respective positions with two comparables being common. The Board gives less weight to board of review comparables #2, #3 and #5 due to differences from the subject in age and/or finished basement area, which the subject property does not have. The remaining comparables are similar to the subject in location, relative age, size and features. These comparables have improvement assessments that ranged from \$121,975 to \$144,658 or from \$40.65 to \$43.11 per square foot of living area. The subject's improvement assessment of \$142,398 or \$42.49 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
