

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Saunders
DOCKET NO.: 16-04967.001-R-1
PARCEL NO.: 14-20-303-011

The parties of record before the Property Tax Appeal Board are William Saunders, the appellant, by attorney Jessica Hill-Magiera in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the Lake County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,285
IMPR.: \$77,721
TOTAL: \$102,006

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling with wood siding exterior construction with 1,603 square feet of living area. The dwelling was constructed in 1969. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and an attached garage with 462 square feet of building area. The subject property also has a detached garage with 480 square feet of building area. The property has a 32,289 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends both overvaluation and assessment inequity as the bases of the appeal. In support of the overvaluation argument the appellant submitted information on four comparable sales improved with one-story dwellings of brick or wood siding exterior construction that range in size from 1,328 to 1,952 square feet of living area. The dwellings were built from 1955 to 1985. Each comparable has a basement, central air conditioning and a garage ranging in size from 352 to 696 square feet of building area. Two comparables each have one fireplace. The

comparables have sites ranging in size from 9,300 to 19,837 square feet of land area. The sales occurred from April 2015 to June 2016 for prices ranging from \$167,500 to \$343,000 or from \$110.77 to \$175.72 per square foot of living area, including land. Based on these sales the appellant requested the subject's total assessment be reduced to \$76,596 to reflect a market value of \$229,811 or \$143.36 per square foot of living area, including land.

With respect to the assessment inequity argument the appellant submitted sixteen comparables improved with one-story dwellings that range in size 1,222 to 1,952 square feet of living area. The homes were constructed from 1959 to 1979. Each comparable has a full or partial basement. The comparables have improvement assessments ranging from \$39.87 to \$45.77 per square foot of living area. Based on this evidence the appellant requested the subject's total assessment be reduced to \$88,190.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$102,006. The subject's assessment reflects a market value of \$307,618 or \$191.90 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue. The subject property has an improvement assessment of \$77,721 or \$48.48 per square foot of living area.

The board of review noted the subject property was the subject matter of an appeal before the Property Tax Appeal Board for the 2015 tax year in Docket No. 15-04079.001-R-1 in which the subject's assessment was reduced to \$99,273. The board of review indicated that 2015 was the first year of the general assessment cycle in Ela Township where the subject property is located. It further explained that the equalization factor for Ela Township for 2016 was 1.0499. The board of review asserted that, pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185), applying the 2016 township equalization factor to the 2015 assessment as determined by the Property Tax Appeal Board would result in a 2016 assessment of \$104,227, which is greater than the current assessment of \$102,006.

Additionally, with respect to the overvaluation argument, the board of review submitted information on four comparable sales improved with one-story dwellings with wood siding or brick exteriors that range in size from 1,176 to 1,744 square feet of living area. The homes were built from 1957 to 1964. Each property has an unfinished basement, three comparables have central air conditioning, two comparables have one or two fireplaces and each comparable has a garage with either 260 or 576 square feet of building area. These properties have sites ranging in size from 7,761 to 19,658 square feet of land area. The sales occurred from November 2014 to July 2016 for prices ranging from \$215,000 to \$351,500 or from \$182.82 to \$248.17 per square foot of living area, including land.

With respect to the assessment equity argument the board of review provided four comparables improved with one-story dwellings with brick or wood siding exteriors that range in size from 1,380 to 1,635 square feet of living area. The homes were built from 1965 to 1976. Each comparable has an unfinished basement, three have central air conditioning, three comparables have one or two fireplaces and each comparable has a garage ranging in size from 400 to 924 square feet of building area. The comparables have improvement assessments ranging from \$67,679 to \$78,354 or from \$47.92 to \$49.97 per square foot of living area.

Based on this evidence the board of review requested the assessment be sustained.

In rebuttal the appellant's counsel asserted that board of review sales #1, #3 and #4 were not comparable either due to date of sale or were too small when contrasted with the subject dwelling.

Conclusion of Law

The appellant contends in part the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The appellant also raised an assessment equity argument. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds, pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) a reduction in the subject's assessment is not warranted.

Section 16-185 of the Property Tax Code provides in part:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review.

35 ILCS 200/16-185. The Board finds that the subject property was the subject matter of an appeal before the Property Tax Appeal Board for the 2015 tax year under Docket No. 15-04079.001-R-1 in which a decision was issued reducing the subject's assessment to \$99,273. The record further disclosed the subject property is an owner-occupied dwelling. The Board also finds that the 2015 and 2016 tax years are in the same general assessment period and an equalization factors of 1.0499 was applied in Ela Township in 2016. Furthermore, the decision of the Property Tax Appeal Board for the 2015 tax year was not reversed or modified upon review and there was no evidence the property sold establishing a different fair cash value. Applying section 16-185 of the Property Tax Code, the Property Tax Appeal Board's finds the assessment as established by the decision for the 2015 tax year adjusted by the 2016 equalization

factor would result in a total assessment of \$104,227, which is greater than the subject's 2016 assessment as established by the board of review. Nevertheless, the board of review requested the assessment be sustained.

The Board further finds the equity comparables and comparable sales submitted by the board of review demonstrate the subject's assessment is equitable and reflective of market value.

Based on this record the Board finds a change in the subject's assessment is not appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
