

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nancy Krupa  
DOCKET NO.: 16-05134.001-R-1  
PARCEL NO.: 06-22-108-017

The parties of record before the Property Tax Appeal Board are Nancy Krupa, the appellant, by Michael Griffin, Attorney at Law, in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 15,559  
**IMPR.:** \$ 91,066  
**TOTAL:** \$106,625

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of vinyl siding exterior construction that has 3,246 square feet of living area. The dwelling was built in 1997. Features include a full unfinished basement, central air conditioning, a fireplace and a 483 square foot garage. The subject property is located in Avon Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not challenged. In support of the inequity claim, the appellant submitted a grid analysis of four assessment comparables located in close proximity to the subject. The comparables consists of two-story dwellings of vinyl siding exterior construction that were built in 1996 or 1997. The comparables have full or partial unfinished basements, central air conditioning, and each comparable has a garage that range in size from 418 to 484 square feet of building area. Three comparables have a fireplace. The dwellings range in size from 2,845 to 3,258 square feet of living area. The comparables have improvement assessments ranging from

\$68,717 to \$86,929 or from \$24.15 to \$26.68 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$106,625. The subject property has an improvement assessment of \$91,066 or \$28.05 per square foot of living area. In support of the subject's assessment, the board of review submitted eight assessment comparables located in close proximity to the subject. The comparables consist of two-story dwellings of vinyl siding exterior construction that were built from 1996 or 1998. Six comparables have unfinished basements and two comparables have partial finished basements. The comparables have central air conditioning; six comparables have a fireplace; and each comparable has a garage that range in size from 483 to 663 square feet of building area. The dwellings range in size from 3,078 to 3,258 square feet of living area. The comparables have improvement assessments ranging from \$85,649 to \$97,836 or from \$27.18 to \$30.24 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof.

The record contains 12 assessment comparables for the Board's consideration. The Board gave less weight to comparables #1, #3 and #4 submitted by the appellant due to their smaller basements when compared to the subject. The Board gave less weight to comparables #1 and #8 submitted by the board of review due to their superior partial finished basements when compared to the subject's unfinished basement. The Board finds the remaining seven comparables are most similar when compared to the subject in location, design, age, dwelling size and features. These comparables have improvement assessments ranging from \$72,493 to \$91,439 or from \$24.29 to \$28.17 per square foot of living area. The subject property has an improvement assessment of \$91,066 or \$28.05 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's improvement assessment is warranted.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented disclosed that properties located in the

same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
