

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Hebreard  
DOCKET NO.: 16-05266.001-R-1  
PARCEL NO.: 06-31-204-014

The parties of record before the Property Tax Appeal Board are James Hebreard, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$30,980  
**IMPR.:** \$94,990  
**TOTAL:** \$125,970

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick exterior construction with 1,990 square feet of living area. The dwelling was constructed in 1978. Features of the home include a full basement. The property has an 11,070-square foot site and is located in Downers Grove, York Township, DuPage County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same block as the subject property. The comparables are improved with one-story dwellings that were constructed from 1978 to 1984. Two of the comparables have partial basements; one comparable has a full basement. All three comparables have two-car garages. The dwellings range in size from 1,811 to 2,231 square feet of living area and have improvement assessments

ranging from \$80,390 to \$95,220 or from \$42.68 to \$45.45 per square foot of living area. The appellant requested the total assessment be reduced to \$118,520.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$125,970. The subject property has an improvement assessment of \$94,990 or \$47.73 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with one-story dwellings that were constructed from 1977 to 1984. All four comparables have full basements and two-car garages. The dwellings range in size from 1,784 to 2,203 square feet of living area and have improvement assessments ranging from \$89,530 to \$101,610 or from \$46.05 to \$50.18 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of seven suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2 and #3 due to their partial basement when compared to the subject's full basement. The Board finds the appellant's comparable #1 and the board of review comparables were more similar to the subject in location, age, dwelling size, design and/or other features. These comparables had improvement assessments ranging from \$45.45 to \$50.18 per square foot of living area. The subject's improvement assessment of \$47.73 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
