

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AH4R I IL LLC  
DOCKET NO.: 16-05385.001-R-1  
PARCEL NO.: 19-32-179-007

The parties of record before the Property Tax Appeal Board are AH4R I IL LLC, the appellant, by attorney Michael R. Davies of the Law Offices of Michael R. Davies, Ltd. in Oak Lawn; and the McHenry County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **McHenry** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$15,479  
**IMPR.:** \$54,302  
**TOTAL:** \$69,781

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the McHenry County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling with 1,876 square feet of living area. Neither party disclosed the subject's exterior construction. The dwelling was constructed in 1996. Features of the home include an unfinished basement, central air conditioning and a 426 square foot garage. The property has a .231 of an acre site and is located in Algonquin, Algonquin Township, McHenry County.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the overvaluation claim, the appellant submitted limited descriptive information for eight comparable properties that were reported to be located from .40 to .76 of a mile from the subject property. The comparables consist of one-story or two-story dwellings ranging in size from 1,380 to 2,085 square feet of living area. The dwellings were built from 1979 to 1996 and have sites ranging in size from 10,438 to 21,776 square feet of land

area. The Board requested that the appellant complete the grid analysis in Section V of the appeal petition. The appellant failed to comply with the Board's request and failed to disclose the comparables' exterior construction, specific design, foundation type and features such as central air conditioning, fireplaces and garages. The comparables sold from March 2013 to June 2015 for prices ranging from \$162,500 to \$202,500 or from \$83.93 to \$140.39 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,781. The subject's assessment reflects a market value of \$209,616 or \$111.74 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for McHenry County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located in the same subdivision as the subject. The comparables are two-story dwellings with 1,876 square feet of living area like the subject. The board of review did not disclose the comparables exterior construction. The dwellings were built in 1996 or 1997 and are situated on sites containing from .231 to .408 of an acre of land area. Each comparable has a basement, two of which have finished area. All of the comparables have central air conditioning. Three comparables have a fireplace and each comparable has a garage ranging in size from 426 to 654 square feet of building area. The comparables sold from May 2014 to August 2016 for prices ranging from \$202,000 to \$241,500 or from \$107.68 to \$128.73 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The record contains 13 comparable sales for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant since the appellant's attorney failed to provide any specifics regarding the comparables' design, exterior construction, foundation type and features such as central air conditioning, fireplaces and garages for a comparative analysis, which detracts from the weight of the evidence. Additionally, five of the comparables sold in 2013 or 2014, which are dated and less reliable indicators of market value as of the January 1, 2016 assessment date. The Board also gave less weight to board of review comparables #1 and #3 due to their dissimilar finished basements when compared to the subject, along with #5 as its May 2014 sale is dated and less likely to reflect the subject's market value as of the January 1, 2016 assessment date. The Board finds the remaining two comparables submitted by the board of review sold more proximate in time to the lien date at issue and are most similar when compared to the subject in location, design, age, dwelling size and most features. They sold in

March or August 2016 for prices of \$225,000 and \$241,500 or \$119.94 and \$128.73 per square foot of living area, including land. The subject's assessment reflects an estimated market value of \$209,616 or \$111.74 per square foot of living area including land, which is supported by the most similar comparable sales in this record. After considering adjustments to the comparable sales for differences when compared to the subject, the Board finds the estimated market value as reflected by the assessment is supported and no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
