

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kubo B. & Kubova A.
DOCKET NO.: 16-05495.001-R-1
PARCEL NO.: 19-29-154-014

The parties of record before the Property Tax Appeal Board are Kubo B. & Kubova A., the appellants, by attorney Michael R. Davies, of Ryan Law LLP in Chicago; and the McHenry County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **McHenry** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,654
IMPR.: \$30,092
TOTAL: \$34,746

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the McHenry County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story condominium unit of frame exterior construction with 1,228 square feet of above grade living area. The dwelling was constructed in 1994. Features of the home include an unfinished basement, central air conditioning and a 238 square foot garage.¹ The property has an 8,400 square foot site and is located in Lake in the Hills, Algonquin Township, McHenry County.

The appellants contend overvaluation as the basis of the appeal. In support of this argument, the appellants submitted a list of sixteen comparable sales that sold from May 2013 to September 2015 for prices ranging from \$62,000 to \$102,000. The appellants provided no substantive

¹ Appellants' counsel provided limited information regarding the features of the subject property beyond its age and above-grade living area. Descriptive details concerning the subject were provided by the board of review with a property record card and are reflected in this decision.

descriptive information about the comparables other than that the dwellings were built from 1992 to 1995 and range in size from 1,102 to 1,232 square feet of above grade living area. Based on this evidence, the appellants requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,746. The subject's assessment reflects a market value of \$104,374 or \$84.99 per square foot of above grade living area, land included, when using the 2016 three year average median level of assessment for McHenry County of 33.29% as determined by the Illinois Department of Revenue.

In response to the appeal, the board of review submitted a grid analysis of appellant's sales #1 through #4 and noted appellant's comparables #1, #2 and #3 along with the assessor's comparables indicate no change in the subject's assessment.

In support of its contention of the correct assessment, the board of review submitted information on six comparable sales located in the same condominium complex as the subject. The comparables consist of two-story condominium units of frame exterior construction with 1,228 or 1,232 square feet of above grade living area. The effective year built of the comparables was in 1993 or 1994. Each comparable has a basement, with four having finished area; central air conditioning; and a garage with 238 square feet of building area. One comparable has a fireplace. The comparables sold from May 2015 to May 2016 for prices ranging from \$110,000 to \$127,000 or from \$89.58 to \$103.08 per square foot of above grade living area, including land.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided 22 comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gave less weight to appellants' comparables #1, #2, #13 and #15 based on having a smaller dwelling size when compared to the subject. The Board also gave less weight to the appellant's comparables #4 through #12 which sold in 2013 and 2014, not as proximate in time to the assessment date as the sales provided by the board of review.

The Board finds the best evidence of market value to be the appellants' comparable sales #3, #14 and #16 along with the board of review comparable sales. These comparables are similar to the subject in dwelling size, design, age and features. These comparables sold from March 2015 to May 2016 for prices ranging from \$95,000 to \$127,000 or from \$77.11 to \$103.08 per square foot of above grade living area, including land. The subject's assessment reflects a market value of \$104,374 or \$84.99 per square foot of above grade living area, including land, which falls within the value range established by the best comparable sales in this record. Therefore, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
