

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AMH 2014 2 & Borrower LLC
DOCKET NO.: 16-05508.001-R-1
PARCEL NO.: 15-20-353-026

The parties of record before the Property Tax Appeal Board are AMH 2014 2 & Borrower LLC, the appellant, by attorney Michael R. Davies of Ryan Law LLP in Chicago; and the McHenry County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **McHenry** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,018
IMPR.: \$48,062
TOTAL: \$60,080

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the McHenry County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling with a vinyl siding exterior containing 1,965 square feet of living area. The dwelling was constructed in 1993. Features of the home include central air conditioning, one fireplace and a two-car attached garage. The property has a .43-acre site and is located in Island Lake, Nunda Township, McHenry County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales improved with two-story dwellings with vinyl siding that range in size from 1,687 to 1,956 square feet of living area.¹ The dwellings were built in 1992 and 1993. Two of the comparables have basements with one being partially finished, each comparable has central air conditioning, two comparables each have one fireplace and each property has a two-car garage. The sales occurred from January 2013 to June

¹ The descriptive information about the appellant's comparables was provided by the board of review.

2015 for prices ranging from \$115,000 to \$167,000 or from \$68.17 to \$94.72 per square foot of living area, including land.

The appellants submission also included a listing of 15 sales with minimal physical descriptive information about each property such as year built, number of bathrooms, living area and lot area.

The appellant requested the assessment be reduced to \$35,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$60,080. The subject's assessment reflects a market value of \$180,475 or \$91.84 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for McHenry County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales identified by the Nunda Township Assessor's Office improved with two-story dwellings with vinyl siding that range in size from 1,684 to 1,687 square feet of living area. The dwellings were built from 1988 to 1996. Three comparables have basements, each property has central air conditioning, one comparable has a fireplace and each property has a two-car garage. The sales occurred from December 2015 to June 2016 for prices ranging from \$177,000 to \$220,000 or from \$105.11 to \$130.56 per square foot of living area, land included.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be appellant's comparable sale #1 and the comparable sales submitted by the board of review. These dwellings were relatively similar to the subject property with the exception four of the comparables have basements while the subject does not. These properties sold for prices ranging from \$167,000 to \$220,000 or from \$85.38 to \$130.56 per square foot of living area, including land. Board of review sales #5 and #7 were most similar to the subject dwelling as neither had a basement. These two properties sold for prices of \$180,000 and \$192,500 or \$106.70 and \$114.11 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$180,475 or \$91.84 per square foot of living area, including land, which is within the range established by the best comparable sales in this record and is well supported. Little weight was given appellant's sales #2 through #4 as the sales did not occur as proximate in time to the assessment date as the best sales found herein. Little weight was given the appellant's listing of 15 sales due to the lack of descriptive data about the style and features of each property for the Board to conduct a meaningful analysis. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
