

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AH4RPTHREE LLC
DOCKET NO.: 16-05551.001-R-1
PARCEL NO.: 18-26-326-109

The parties of record before the Property Tax Appeal Board are AH4RPTHREE LLC, the appellant, by attorney Michael R. Davies, of Ryan Law LLP in Chicago; and the McHenry County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **McHenry** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,805
IMPR.: \$47,028
TOTAL: \$51,833

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the McHenry County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 1,499 square feet of living area. The dwelling was constructed in 1995. Features of the home include central air conditioning and a two-car garage.¹ The property has a 4,608 square foot site and is located in Lake in the Hills, Grafton Township, McHenry County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted a list of seventeen comparable sales.² The appellant's comparable properties include sales that occurred from September 2012 to August 2015 for prices ranging from

¹ Appellant's counsel provided limited information regarding the features of the subject property beyond its age and above-grade living area. Descriptive details concerning the subject were provided by the board of review with a property record card and are reflected in this decision.

² The appellant used the subject as comparable #1.

\$102,130 to \$150,000. The appellant provided no substantive descriptive information about the comparables other than that the dwellings were built from 1994 to 2002 and range in size from 1,284 to 1,656 square feet of above-grade living area. Based on this evidence, the appellant requested the subject's assessment be reduced to \$34,043 which would reflect a market value of \$102,129.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,833. The subject's assessment reflects a market value of \$155,701 or \$103.87 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for McHenry County of 33.29% as determined by the Illinois Department of Revenue.

In response to the appellant's evidence, the board of review noted that the assessor-provided sales suggest the subject is significantly under-assessed.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales each of which is located in the same neighborhood code assigned by the assessor as the subject property. The comparables consist of two-story dwellings of frame exterior construction. The homes were built in 1994 or 1996 and range in size from 1,546 to 1,595 square feet of living area. Each comparable has a basement and a garage and one comparable has a fireplace. No data concerning central air conditioning was provided for the comparables. The comparables sold between August 2015 and May 2016 for prices ranging from \$206,000 to \$215,000 or from \$133.25 to \$138.09 per square foot of living area, including land.

While the board of review noted that the subject appeared to be significantly under-valued, the board of review did not request a change in the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided a total of 20 comparable sales to support their respective positions before the Property Tax Appeal Board. The Board finds that little weight shall be given to the appellant's evidence as it contained no substantive descriptive information about the dwellings to allow the Property Tax Appeal Board to conduct a meaningful comparative analysis of the comparable sales as compared to the subject property. Additionally, fourteen of the appellant's comparables sold from 2012 to 2014, not as proximate in time to the assessment date as the sales provided by the board of review.

The Board finds the best evidence of market value to be the board of review comparable sales. These comparables are similar to the subject in location, age, design, exterior construction and

several features. The comparables sold between August 2015 and May 2016 for prices ranging from \$206,000 to \$215,000 or from \$133.25 to \$138.09 per square foot of living area, including land. The subject's assessment reflects a market value of \$155,701 or \$103.87 per square foot of living area, including land, which is below the range established by the best comparable sales in this record both in terms of overall value and on a per-square-foot basis. As noted by the McHenry County Board of Review, based on the best market value evidence in the record, the subject property may be under-assessed.

On this record, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
