

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AH4R I IL LLC  
DOCKET NO.: 16-05578.001-R-1  
PARCEL NO.: 18-23-151-001

The parties of record before the Property Tax Appeal Board are AH4R I IL LLC, the appellant, by attorney Michael R. Davies, of Ryan Law LLP, in Chicago, and the McHenry County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **McHenry** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,149  
**IMPR.:** \$53,430  
**TOTAL:** \$58,579

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the McHenry County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame and brick exterior construction with 1,334 square feet of living area. The dwelling was constructed in 1997. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a 400 square foot garage.<sup>1</sup> The property has a 7,757 square foot site and is located in Lake in the Hills, Grafton Township, McHenry County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted a list of eighteen comparable sales that sold from February 2013 to January 2016 for prices ranging from \$83,333 to \$165,000. The appellant provided no substantive

<sup>1</sup> Appellant's counsel provided virtually no information regarding the features of the subject property beyond its age and above-grade living area. Descriptive details concerning the subject were provided by the board of review with a property record card and are reflected in this decision.

descriptive information about the comparables other than that the dwellings were built between 1996 and 2002 and range in size from 1,232 to 1,713 square feet of above grade living area.

Based on this evidence, the appellant requested the subject's assessment be reduced to \$27,778 which would reflect a market value of \$83,334.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$58,579. The subject's assessment reflects a market value of \$175,966 or \$131.91 per square foot of living area, land included, when using the 2016 three year average median level of assessment for McHenry County of 33.29% as determined by the Illinois Department of Revenue.

In response to the appeal, the board of review noted that based upon comparable sales gathered by the township assessor support an "increased assessment" for the subject property.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales each of which is located in the same neighborhood code assigned by the assessor. The comparables consist of a split-level, a two-story and three, one-story dwellings of frame or frame and brick exterior construction. The homes were built in 1998 or 1999 and range in size from 1,241 to 1,458 square feet of living area. Four of the comparables have basements, one of which has finished area. One comparable has a fireplace and each comparable has a garage ranging in size from 400 to 412 square feet of building area. No data was provided concerning central air conditioning. The comparables sold between July 2015 and June 2016 for prices ranging from \$173,500 to \$222,750 or from \$139.81 to \$166.98 per square foot of living area, including land.

While the board of review noted the subject appeared to be under-valued, the board of review did not request a change in the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided a total of twenty-three comparable sales to support their respective positions before the Property Tax Appeal Board. The Board finds that little weight shall be given to the appellant's evidence as it contained no substantive descriptive information about the dwellings to allow the Property Tax Appeal Board to conduct a meaningful comparative analysis of the comparable sales as compared to the subject property. Additionally, thirteen of the appellant's comparables sold in 2013 and 2014, not as proximate in time to the assessment date as the sales provided by the board of review. The Board has also given reduced weight to board of review comparables #2 and #4 as these homes differ in design as a split-level and a two-story dwelling as compared to the subject one-story home.

The Board finds the best evidence of market value to be board of review comparable sales #1, #3 and #5. These comparables are similar to the subject in location, age, design, exterior construction and several features. These comparables sold in July or August 2015 for prices ranging from \$206,000 to \$222,750 or from \$141.58 to \$166.98 per square foot of living area, including land. The subject's assessment reflects a market value of \$175,966 or \$131.91 per square foot of living area, including land, which is below the range established by the best comparable sales in this record both in terms of overall value and on a per-square-foot basis. As noted by the McHenry County Board of Review, based on the best market value evidence in the record, the subject property appears to be under-assessed.

On this record, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
