

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: DACS LLC SERIES 4  
DOCKET NO.: 16-05986.001-R-1  
PARCEL NO.: 08-36-316-041

The parties of record before the Property Tax Appeal Board are DACS LLC SERIES 4, the appellant, by attorney Michael R. Davies, of Ryan Law LLP in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,200  
**IMPR.:** \$26,010  
**TOTAL:** \$29,210

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a first-floor condominium unit of frame construction with 856 square feet of living area. The dwelling was constructed in 1983. Features of the home include two bedrooms, a full bath, patio and a 231 square foot garage. The property is located in Woodridge, Lisle Township, DuPage County.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the overvaluation claim, the appellant submitted limited descriptive information for eleven comparable properties that were reported to be located within .34 of a mile from the subject property. The Board requested that the appellant complete the grid analysis in Section V of the appeal petition. The appellant failed to comply with the Board's request and failed to disclose the comparables' design, exterior construction, foundation type and features such as central air conditioning, fireplaces and garages. The comparables were reported

to be built from 1982 to 1986 and range in size from 830 to 971 square feet of above grade living area. Five of the comparables have two bedrooms; eight comparables have a bath; and three comparables have two baths. The comparables have lot areas reported to range in size from 3,249 to 88,745 square feet of land area. The comparables sold from May 2013 to December 2015 for prices ranging from \$59,500 to \$87,600 or from \$65.75 to \$99.30 per square foot of above grade living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,210. The subject's assessment reflects a market value of \$87,744 or \$102.50 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for DuPage County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted a grid analysis on three comparable sales located in the same neighborhood code as the subject as defined by the township assessor. The comparables are described as condominium units of frame exterior construction containing either 856 or 920 square feet of living area. The comparables were built from 1982 to 1984. Each comparable has two bedrooms, a full bath, a deck and a garage with 231 square feet of building area. The comparables sold from May 2015 to February 2016 for prices ranging from \$87,000 to \$90,000 or from \$94.57 to \$102.80 per square foot of living area, including land.

In addition, the board of review submitted a map that depicted the locations of both parties comparables and the subject. Furthermore, a detailed grid analysis of the appellant's comparables was also submitted by the board of review. Lastly, the board of review argued that appellant's comparables #4 thru #11 were located in a different neighborhood plus #7 thru #11 do not have a garage. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted fourteen comparable sales for consideration. The Board gave less weight appellant's comparables #2, #3, #6, #10 and #11 since they have dated sales in 2013 and 2014 that are less reflective of market value as of the subject's January 1, 2016 assessment date. The Board also gave less weight to the appellant's comparables #4 thru #11 based on their locations in a different neighborhood than the subject. In addition, comparables #7 thru #11 lack a garage when compared to the subject.

The Board finds the best evidence of market value to be the comparables submitted by the board of review and appellant's comparable #1. These four comparables are most similar to the subject in location, age, dwelling size and features. The comparables sold from May 2015 to February 2016 for prices ranging from \$80,000 to \$90,000 or from \$93.46 to \$102.80 per square foot of living area, including land. The subject's assessment reflects a market value of \$87,744 or \$102.50 per square foot of living area, including land which falls within the range as established by the most similar comparable sales in this record. Based on this record, the Board finds the appellant failed to demonstrate by a preponderance of the evidence that the subject was overvalued and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
