

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: DACS LLC SERIES 10
DOCKET NO.: 16-05999.001-R-1
PARCEL NO.: 08-15-108-088

The parties of record before the Property Tax Appeal Board are DACS LLC SERIES 10, the appellant, by attorney Michael R. Davies, of Ryan Law LLP in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,690
IMPR.: \$15,010
TOTAL: \$16,700

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a studio condominium unit of brick exterior construction with 460 square feet of living area. The dwelling was constructed in 1974 and features central air conditioning. The property is located in Lisle, Lisle Township, DuPage County.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the overvaluation claim, the appellant submitted limited descriptive information for three comparable properties that were reported to be located within .08 of a mile from the subject property. The Board requested that the appellant complete the grid analysis in Section V of the appeal petition. The appellant failed to comply with the Board's request and failed to disclose the comparables' design, exterior construction, foundation type and features such as central air conditioning, fireplaces and garages. The comparables were reported to be built in 1974 with 460 square feet of above grade living area. The comparables sold from

February 2013 to September 2015 for prices of \$43,000 and \$50,000 or from \$93.48 to \$108.70 per square foot of above grade living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,700. The subject's assessment reflects a market value of \$50,165 or \$109.05 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for DuPage County of 33.29% as determined by the Illinois Department of Revenue.

In response to the appellant's submission, the board of review submitted a grid analysis of the appellant's comparables and a map that depicted the locations of both parties comparables and the subject.

In further support of its contention of the correct assessment, the board of review submitted a grid analysis on three comparable sales located in the same neighborhood code as the subject as defined by the township assessor. The comparables are described as studio condominium units of brick exterior construction with 460 square feet of living area. The comparables were built in 1974. Two comparables have central air conditioning. The comparables sold from July 2015 to February 2016 for prices ranging from \$56,000 to \$65,000 or from \$121.74 to \$141.30 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted six comparable sales for consideration. The Board gave less weight to appellant's comparables #1 and #3 as to their dated sales in 2013 and 2014 were less reflective of market value as of the subject's January 1, 2016 assessment date.

The Board finds the best evidence of market value to be the board of review comparables and appellant's comparable #2. These four comparables sold most proximate in time to the subject's January 1, 2016 assessment date and are nearly identical to the subject in location, design, age, dwelling size and features. The comparables sold from July 2015 to February 2016 for prices ranging from \$50,000 to \$65,000 or from \$108.70 to \$141.30 square foot of living area, including land. The subject's assessment reflects a market value of \$50,165 or \$109.05 per square foot of living area including land which falls within the range established by the most similar comparable sales in this record. Based on this record, the Board finds the appellant failed to demonstrate by a preponderance of the evidence that the subject was overvalued and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
