

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Albert
DOCKET NO.: 16-06205.001-R-1
PARCEL NO.: 09-24-306-005

The parties of record before the Property Tax Appeal Board are Steven Albert, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$97,730
IMPR.: \$149,410
TOTAL: \$247,140

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part two-story and part one-story dwelling of frame construction with 3,265 square feet of living area. The dwelling was constructed in 1999. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 628 square foot garage. The property has a 16,005 square foot site and is located in Burr Ridge, Downers Grove Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales, two of which are located within the same neighborhood code as the subject as assigned by the assessor. The comparables are described as part two-story and part one-story dwellings of frame, brick, or frame and brick exterior construction ranging in size from 3,395 to 3,624 square feet of living area. The dwellings were constructed from 1997 to 2001. Each comparable features a basement, two of

which are 75% or 100% finished, central air conditioning, one or two fireplaces and a garage ranging in size from 567 to 700 square feet of building area. The comparables have sites ranging in size from 6,077 to 28,206 square feet of land area.¹ The comparables sold from December 2014 to August 2015 for prices ranging from \$600,000 to \$750,000 or from \$165.56 to \$220.91 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$247,140. The subject's assessment reflects a market value of \$742,385 or \$227.38 per square foot of living area, land included, when using the 2016 three year average median level of assessment for DuPage County of 33.29% as determined by the Illinois Department of Revenue.

In response to the appellant's evidence, the board of review submitted a detailed spreadsheet of the appellant's comparables and a narrative noting differences in living area and features between the subject and the appellant's comparables. The board of review also argued appellant's comparable #2's list price was "drastically reduced to sell" and appellant's comparable #3 was a short sale that was in need of some "TLC". The board of review submitted the Redfin listings and PTAX-203 Real Estate Transfer Declarations as supporting evidence for both sales.

In support of the subject's assessment, the board of review submitted information on three comparable sales, two of which are located in the same neighborhood code as assigned by the township assessor. The comparables are improved with part two-story and part one-story dwellings of frame and brick or brick exterior construction ranging in size from 3,077 to 3,340 square feet of living area. The dwellings were constructed in 1997 or 1999. Each comparable has an unfinished basement; two comparables have central air conditioning and each comparable has a fireplace and a garage ranging in size from 529 to 775 square feet of building area. The comparables have sites ranging in size from 5,465 to 27,786 square feet of land area. The comparables sold from September 2014 to September 2015 for prices ranging from \$700,000 to \$835,000 or from \$227.49 to \$250.00 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

¹ The appellant's grid analysis lacked some pertinent descriptive data, which was drawn from the evidence provided by the board of review.

The Board finds the parties submitted six comparable sales for consideration. The Board gave less weight to appellant's comparable #2 and the board of review comparable #2. These properties which sold in 2014 are dated and less likely to be reflective of market value as of the subject's January 1, 2016 assessment date. The Board gave less weight to the appellant's comparable #3 identified as being a short sale calling into question whether the sale price was reflective of market value.

The Board finds the best evidence of market value to be the appellant's comparable #1 along with board of review comparables #1 and #3. These three comparables sold most proximate in time to the subject's January 1, 2016 assessment data and are similar to the subject in dwelling size, design, age and most features. The properties sold in August and September 2015 for prices from \$750,000 to \$835,000 or \$220.91 to \$250.00 per square foot living area, including land. The subject's assessment reflects an estimated market value of \$742,385 or \$227.38 per square foot of living area, including land, which is well supported by the best comparable sales contained in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is justified and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
