

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kumar Prathipati
DOCKET NO.: 16-06261.001-R-1
PARCEL NO.: 08-04-412-091

The parties of record before the Property Tax Appeal Board are Kumar Prathipati, the appellant, by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,570
IMPR.: \$19,390
TOTAL: \$21,960

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a condominium dwelling of brick exterior construction with 1,369 square feet of living area. The dwelling was constructed in 1970. The subject dwelling has central air conditioning and a 200 square foot deck. The property is located in Lisle, Lisle Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales that were located in the Lisle Place subdivision. The comparables were similar condominium dwellings of brick exterior construction that contained 1,083 or 1,088 square feet of living area. The comparables were built in 1970 and have central air conditioning. The comparables had sale dates occurring from April to July 2014 and sold for prices ranging from \$46,111 to \$58,100 or from \$42.58 to \$53.40 per square foot of living area, including land.

Based on this evidence the appellant requested that the subject's assessment be reduced to \$17,966.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,960. The subject's assessment reflects a market value of \$65,966 or \$48.19 per square foot of living area, land included, when using the 2016 three year average median level of assessment for DuPage County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales that were located in the Lisle Place subdivision. The comparables were similar condominium dwellings of brick exterior construction that contained from 1,351 to 1,369 square feet of living area. The comparables were built in 1970. The comparable dwellings have central air conditioning and a 200 square foot deck. The comparables had sale dates occurring from October 2014 to December 2016 and sold for prices ranging from \$75,000 to \$110,500 or from \$54.78 to \$81.79 per square foot of living area, including land.

Based on this evidence the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the board of review's comparable sales #1 and #3. These comparables were most similar to the subject in location, size, age and features. These comparables also sold more proximate in time to the January 1, 2016 assessment date at issue, than did the parties' remaining comparable sales. The best comparables sold in January 2015 and December 2016 for prices of \$85,111 and \$75,000 or \$62.63 and \$54.78 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$65,966 or \$48.19 per square foot of living area, including land, which is supported by the market values of the best comparable sales in this record. The Board gave less weight to the parties' remaining comparable sales due to their sale dates occurring greater than 14 months prior to the January 1, 2016 assessment date at issue. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
