

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kundan Giri  
DOCKET NO.: 16-06348.001-R-1  
PARCEL NO.: 06-34-201-038

The parties of record before the Property Tax Appeal Board are Kundan Giri, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$137,030  
**IMPR.:** \$260,908  
**TOTAL:** \$397,938

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Dupage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 4,574 square feet of living area. The dwelling was constructed in 1990. Features of the home include a full basement with finished area, central air conditioning, four fireplaces and an 828 square foot attached garage. The property has a 21,792 square foot site and is located in Oak Brook, York Township, Dupage County.

The appellant contends assessment inequity as the basis of the appeal. The appellant did not contest the land assessment. In support of this argument, the appellant submitted information on three equity comparables located in same neighborhood as the subject as defined by the local assessor. The comparables are improved with two-story dwellings of masonry exterior construction ranging in size from 3,817 to 5,104 square feet of living area. The dwellings were constructed in 1988. The comparables have basements, two of which have finished areas.

Features of each comparable include central air conditioning, one or three fireplaces and a garage ranging in size from 645 to 828 square feet of building area.<sup>1</sup> The comparables have improvement assessments ranging from \$178,720 to \$265,510 or from \$46.82 to \$52.01 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$397,938. The subject property has an improvement assessment of \$260,908 or \$57.04 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted three equity comparables located within the same neighborhood as the subject as defined by the local assessor. The comparables consist of two-story dwellings of masonry exterior construction ranging in size from 4,240 to 4,649 square feet of living area. The dwellings were constructed from 1987 to 1992. The comparables have basements, two of which have finished areas. Each comparable has central air conditioning, two or three fireplaces and a garage ranging in size from 782 to 1,248 square feet of building area. The comparables have improvement assessments ranging from \$242,760 to \$261,240 or from \$56.19 to \$57.25 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted six equity comparables for the Board's consideration. The Board gave less weight to appellant's comparables #2 and #3 based on their dissimilar dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 along with the board of review comparables which are more similar in design, dwelling size and most features when compared to the subject. These four comparables had improvement assessments ranging from \$242,760 to \$261,240 or from \$51.48 to \$57.25 per square foot of living area. The subject has an improvement assessment of \$260,908 or \$57.04 per square foot of living area, which falls within the range established by the more similar comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported.

---

<sup>1</sup> The appellants' grid analysis was void of some pertinent descriptive data, which was drawn from the evidence provided by the board of review.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
